

## **ANEXOS**

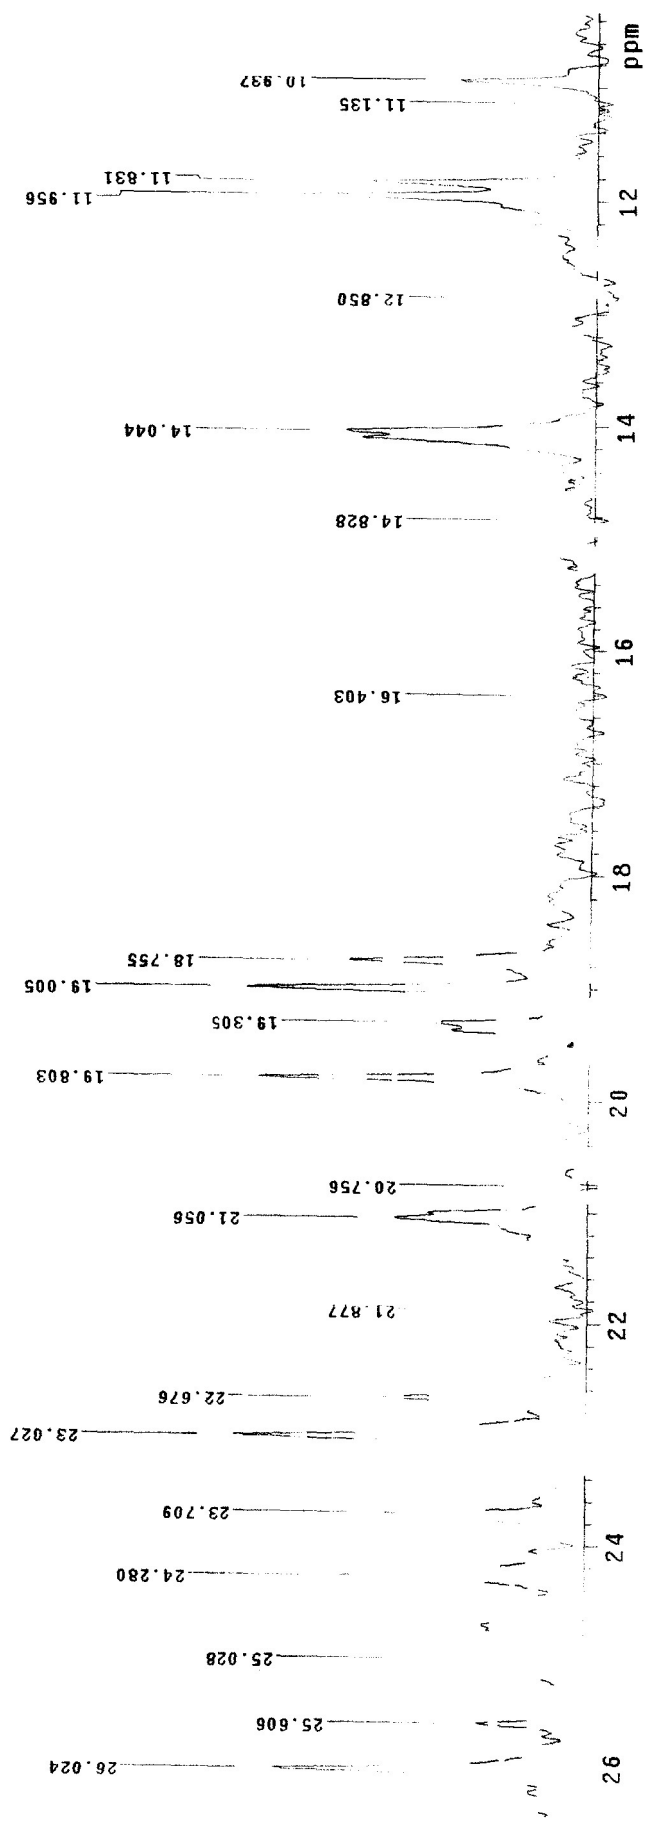

Anexo A. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do alburno do indivíduo 1 Área I da espécie *E. grandis*.

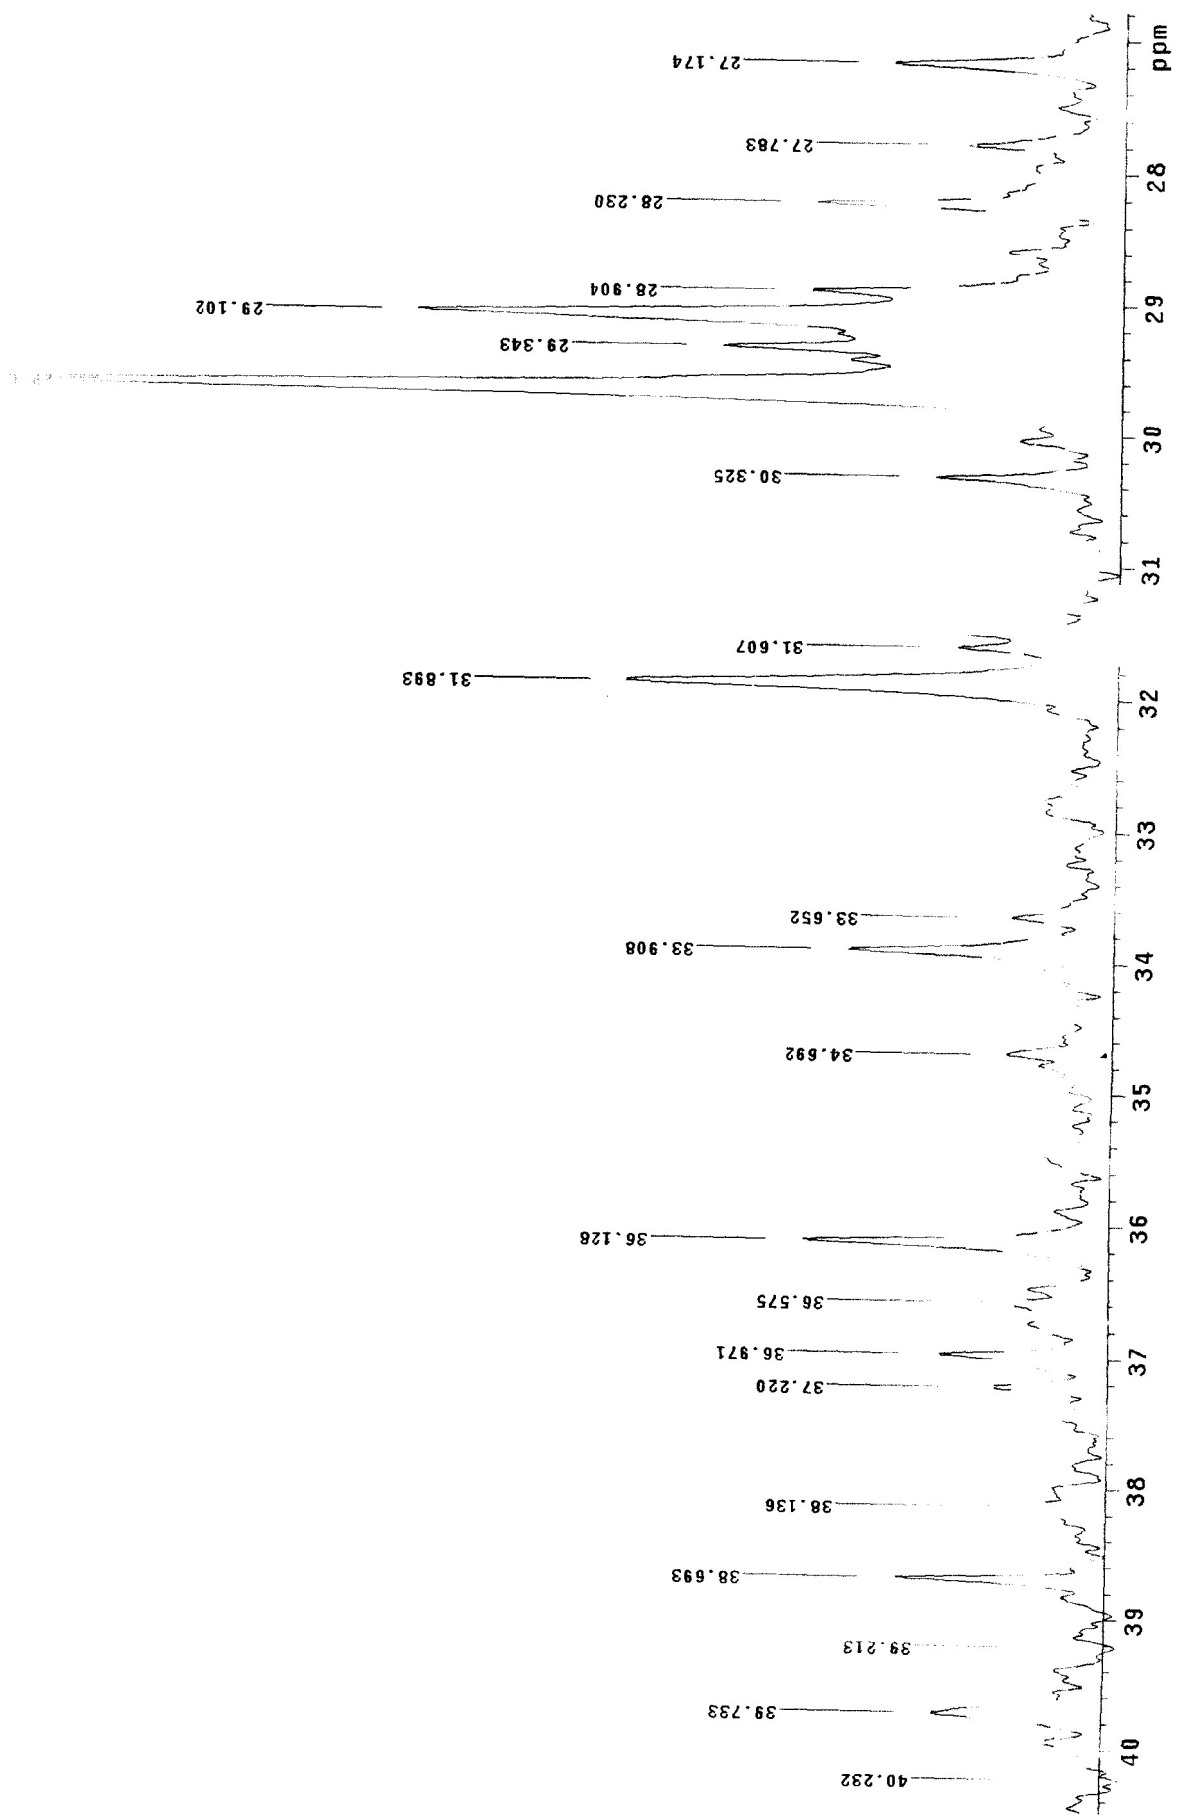

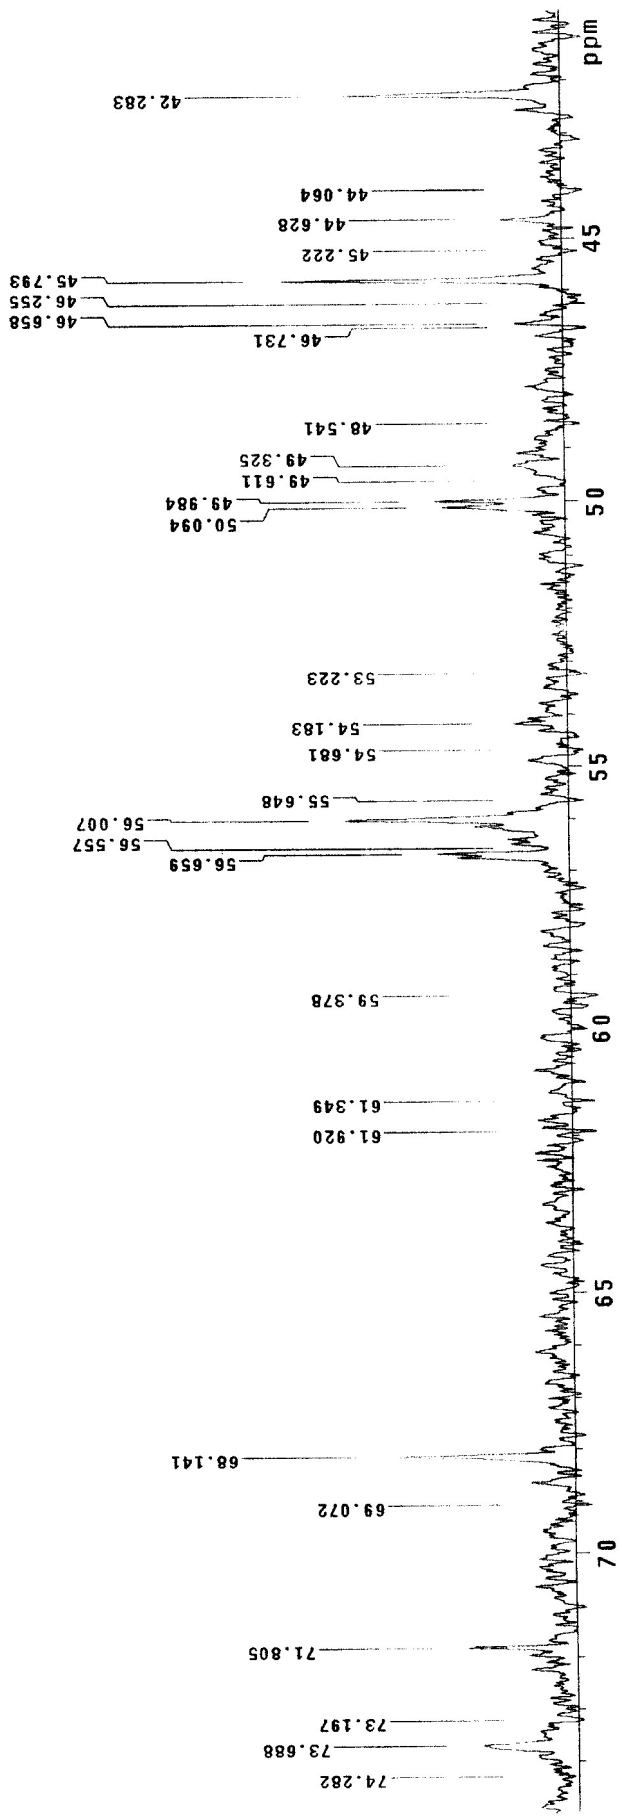

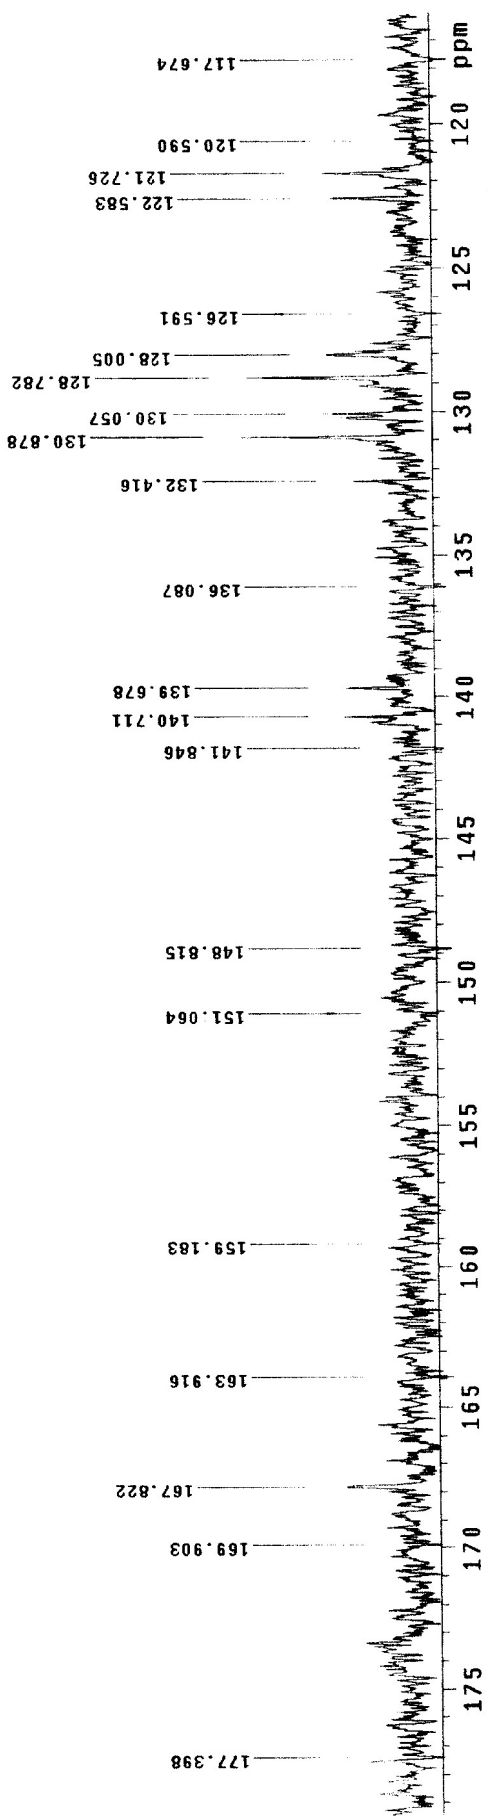

**Anexo B.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohaxânicos da região do alburno do indivíduo 2 Área I da espécie *E. grandis*.

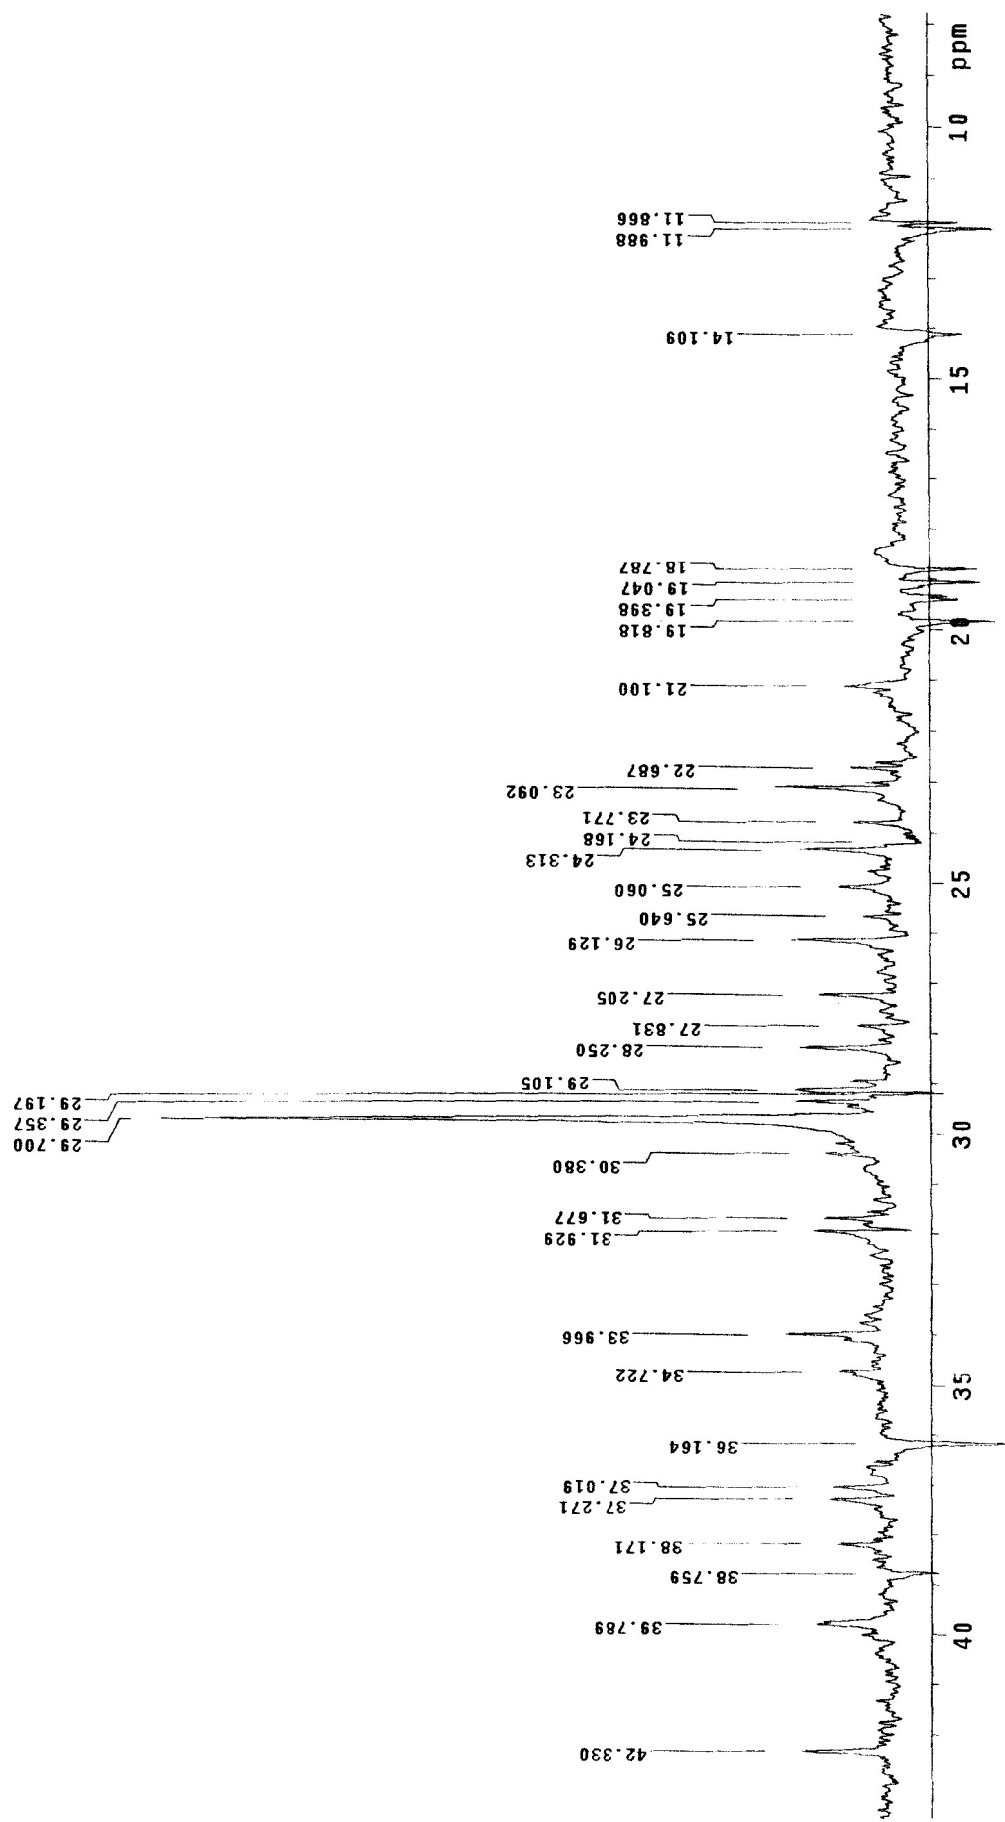

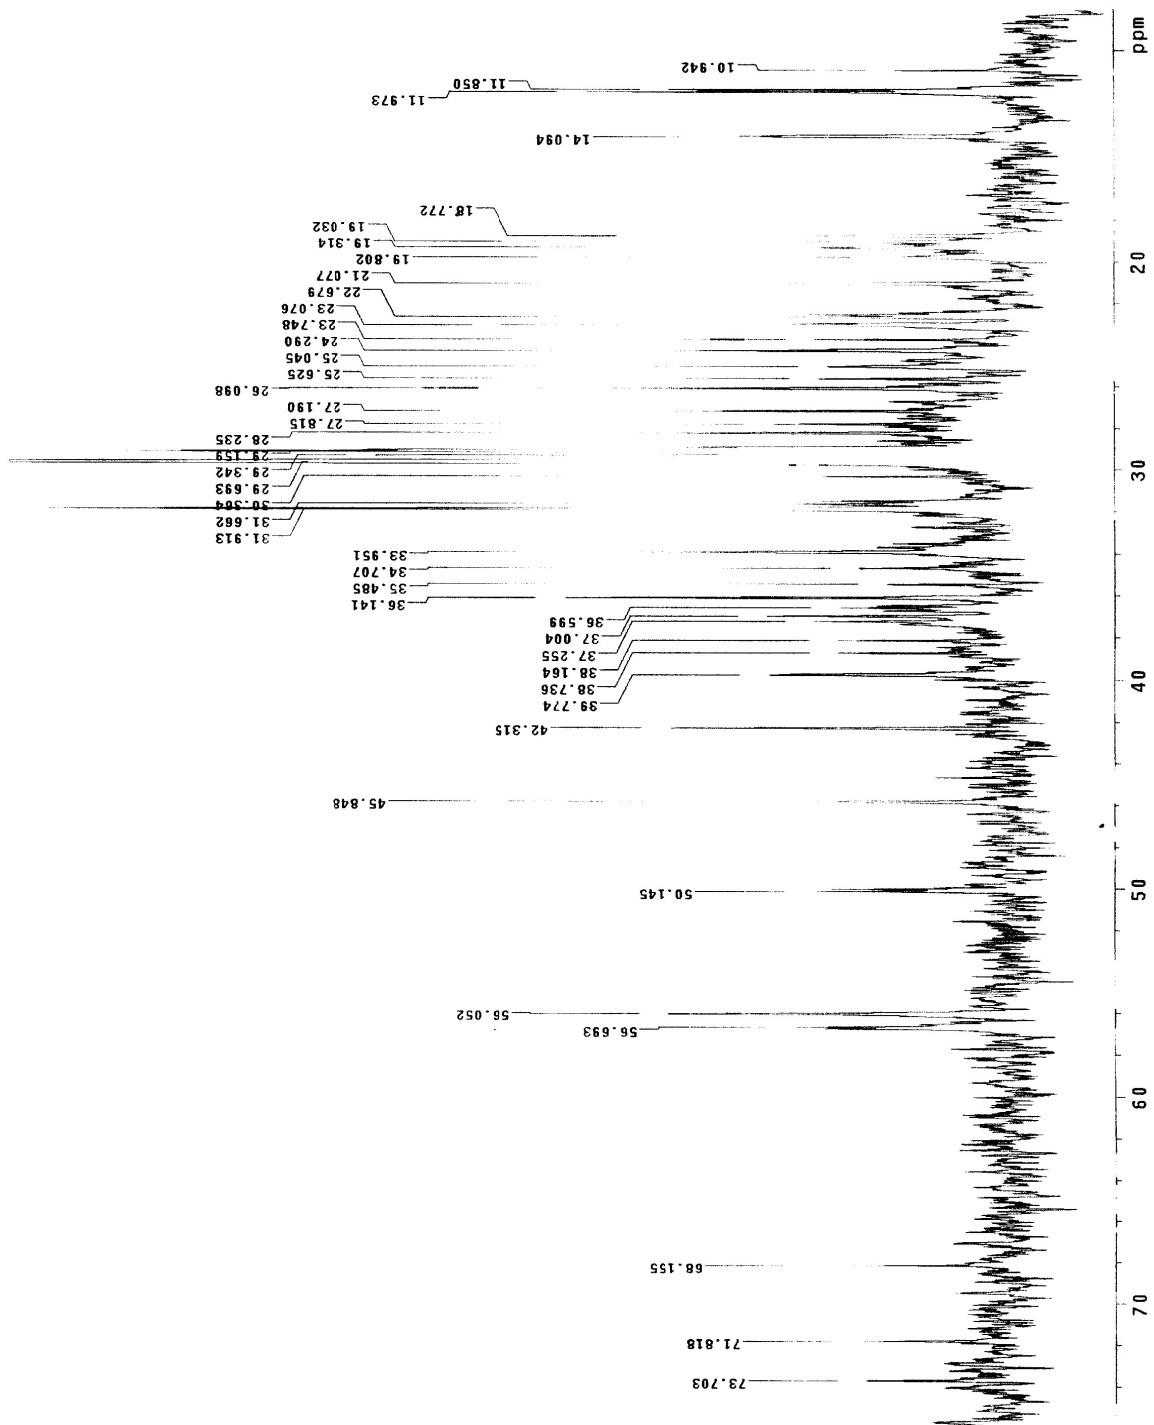

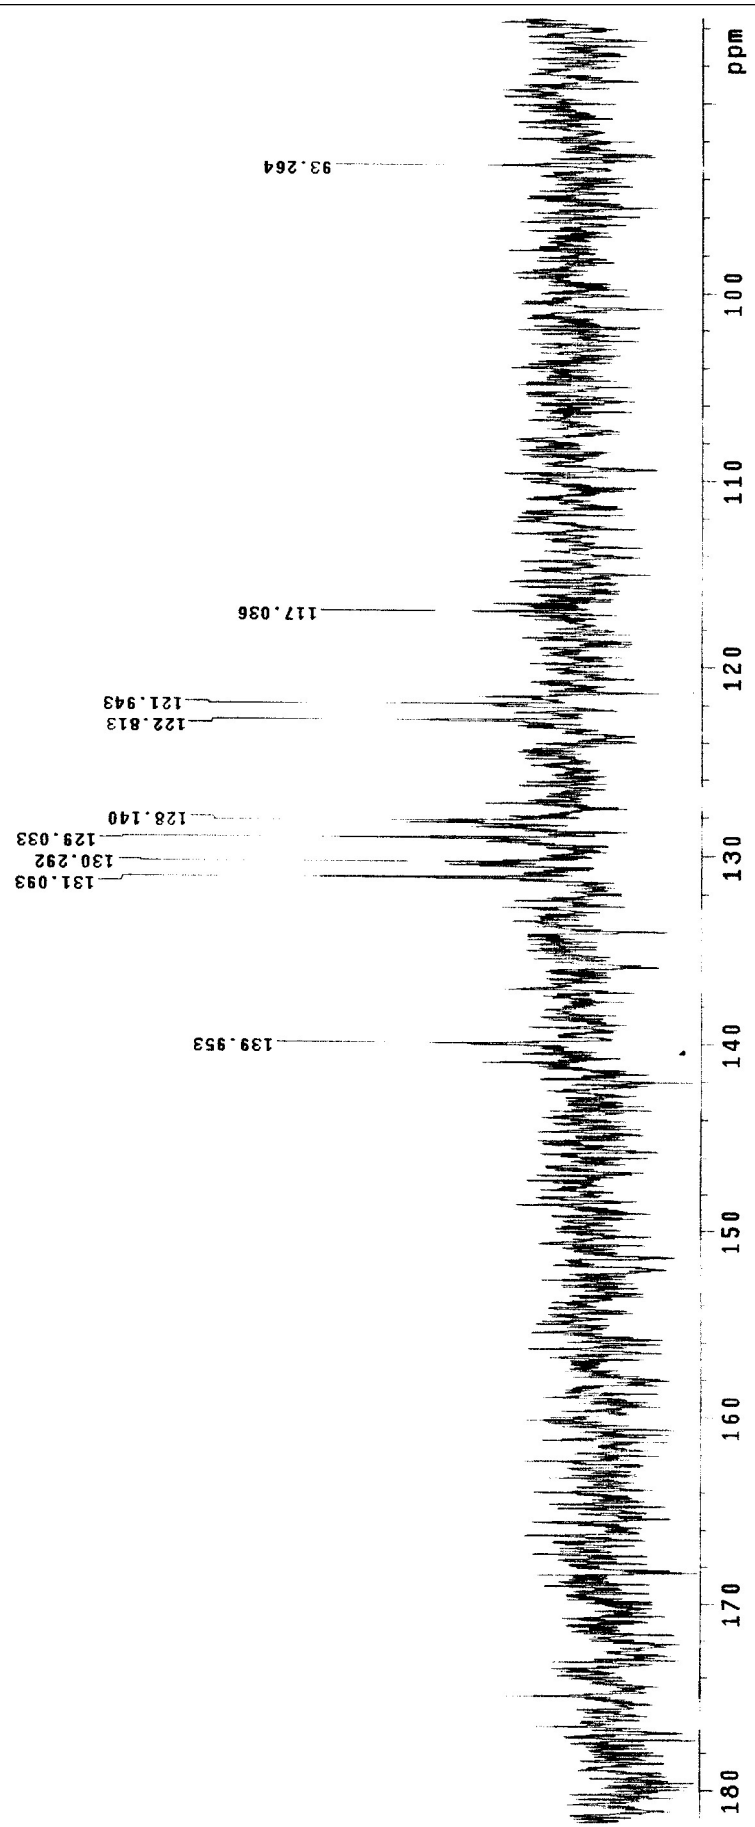

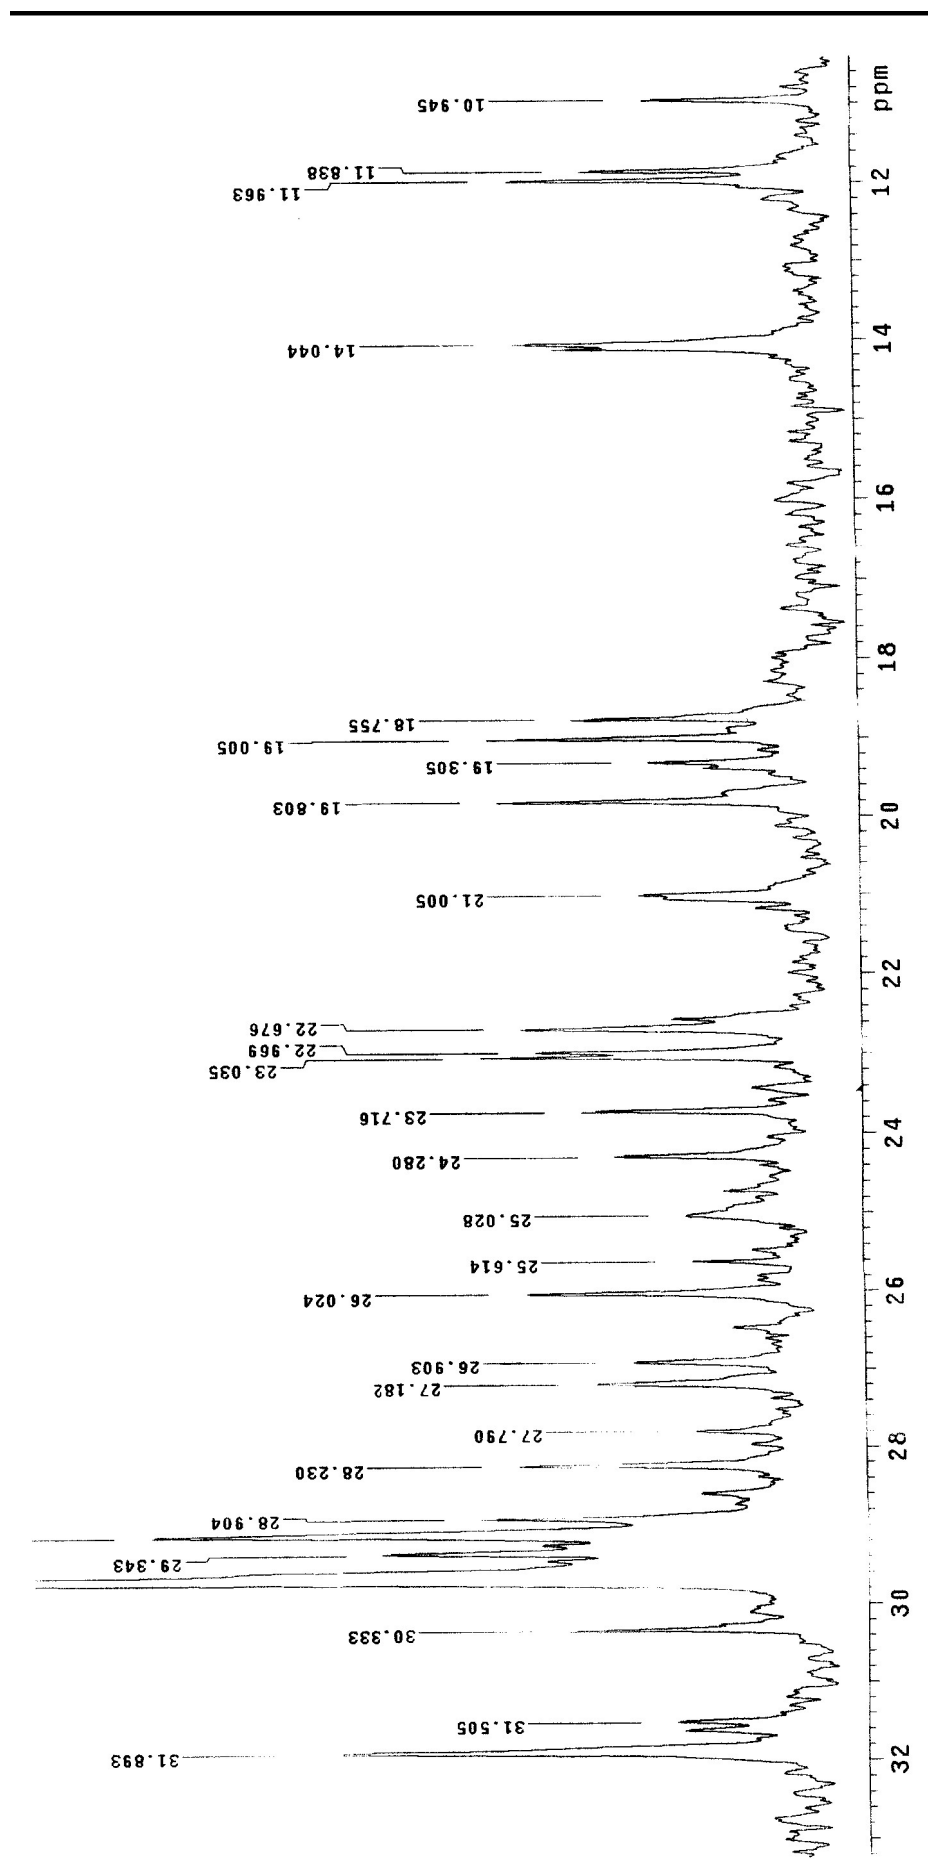

Anexo C. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do albumo do indivíduo do alburno da espécie *E. grandis*.

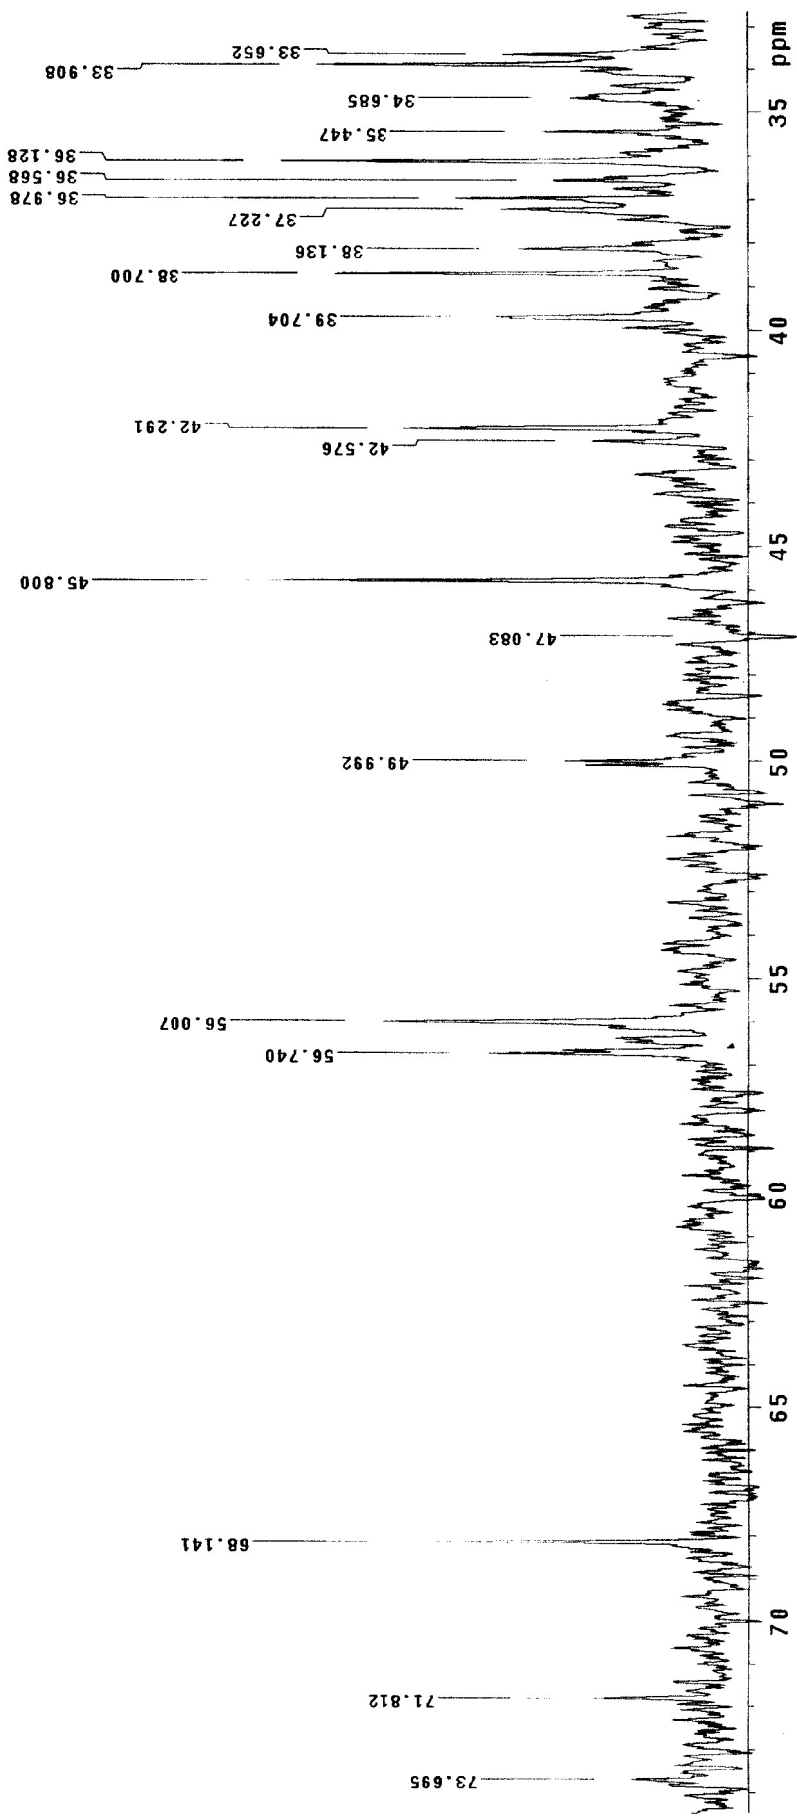

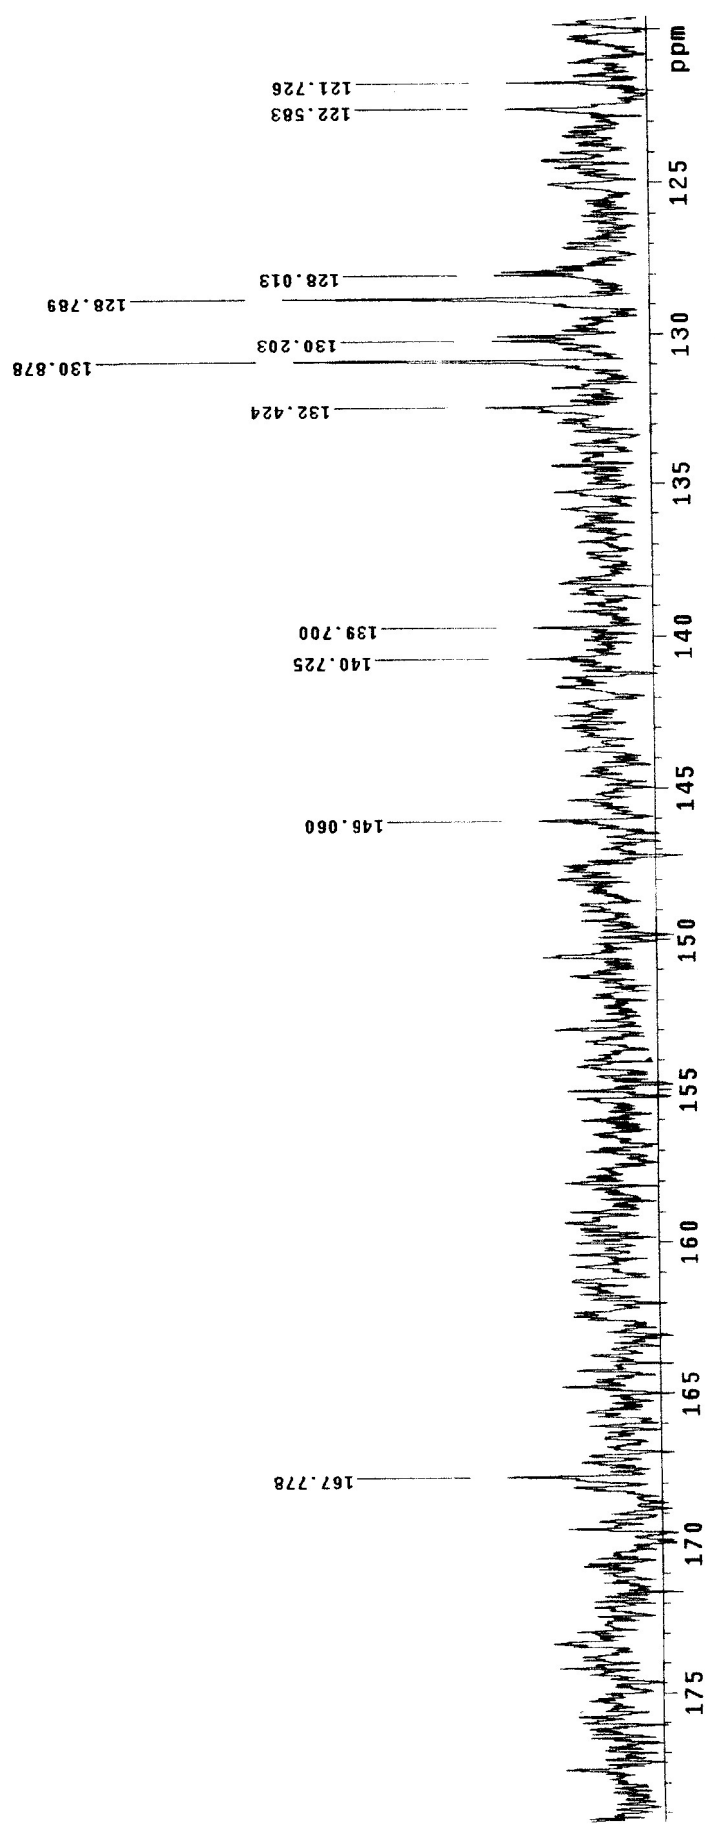

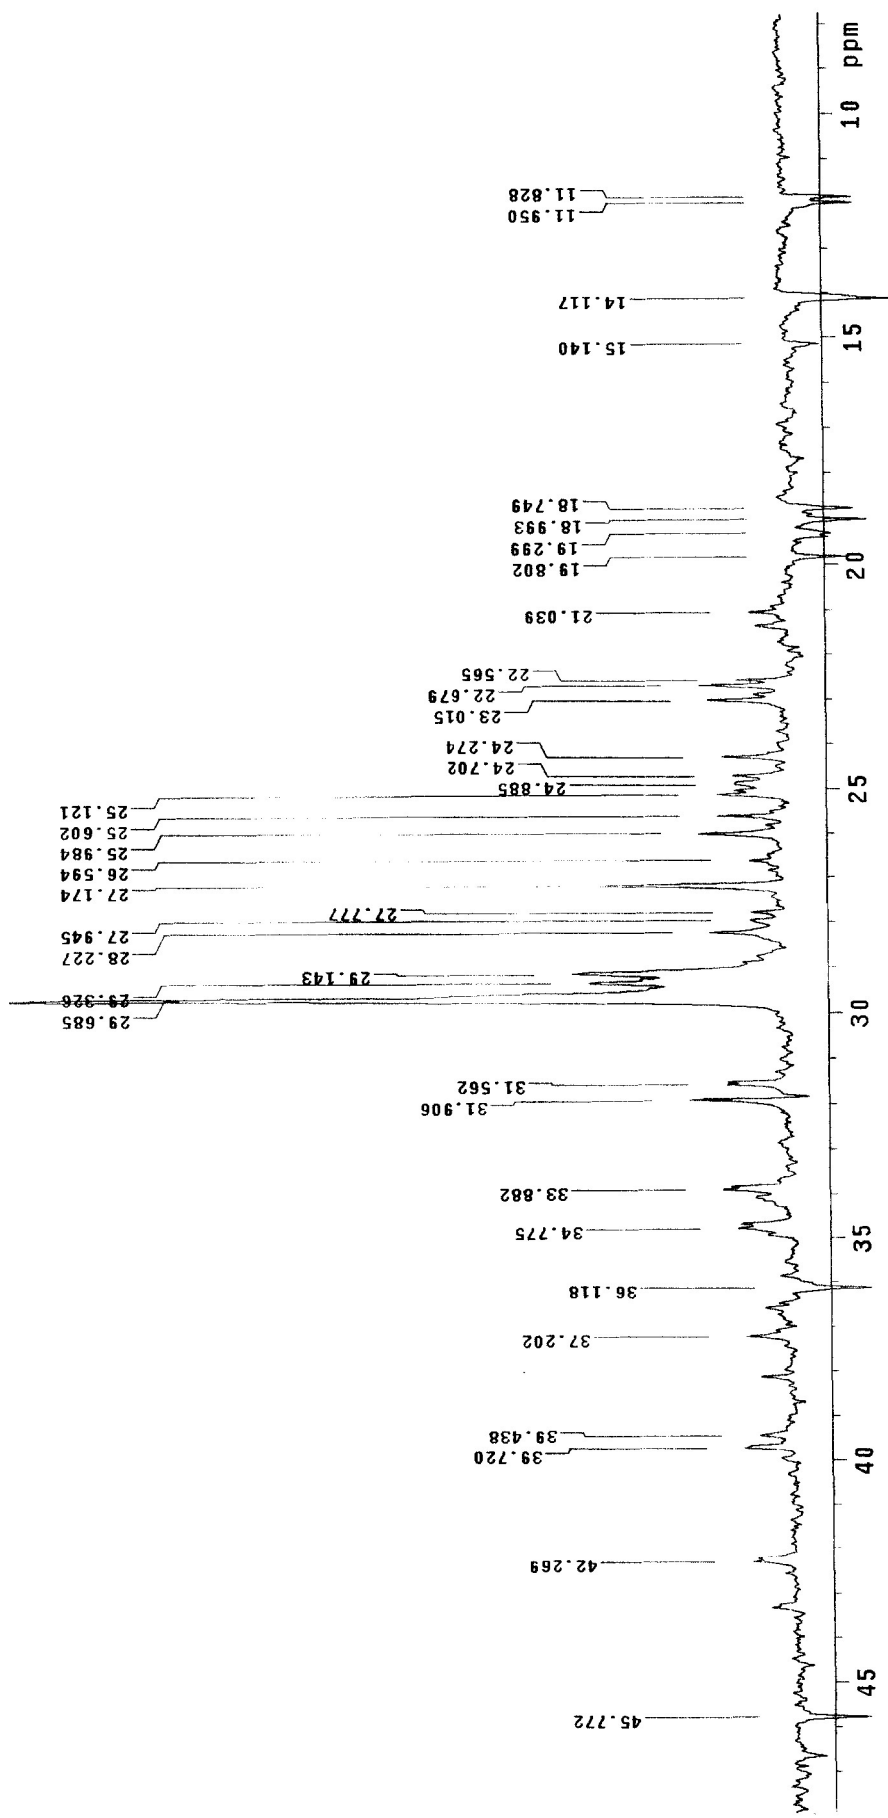

**Anexo D.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do alburno do indivíduo 2 Área II da espécie *E. grandis*.

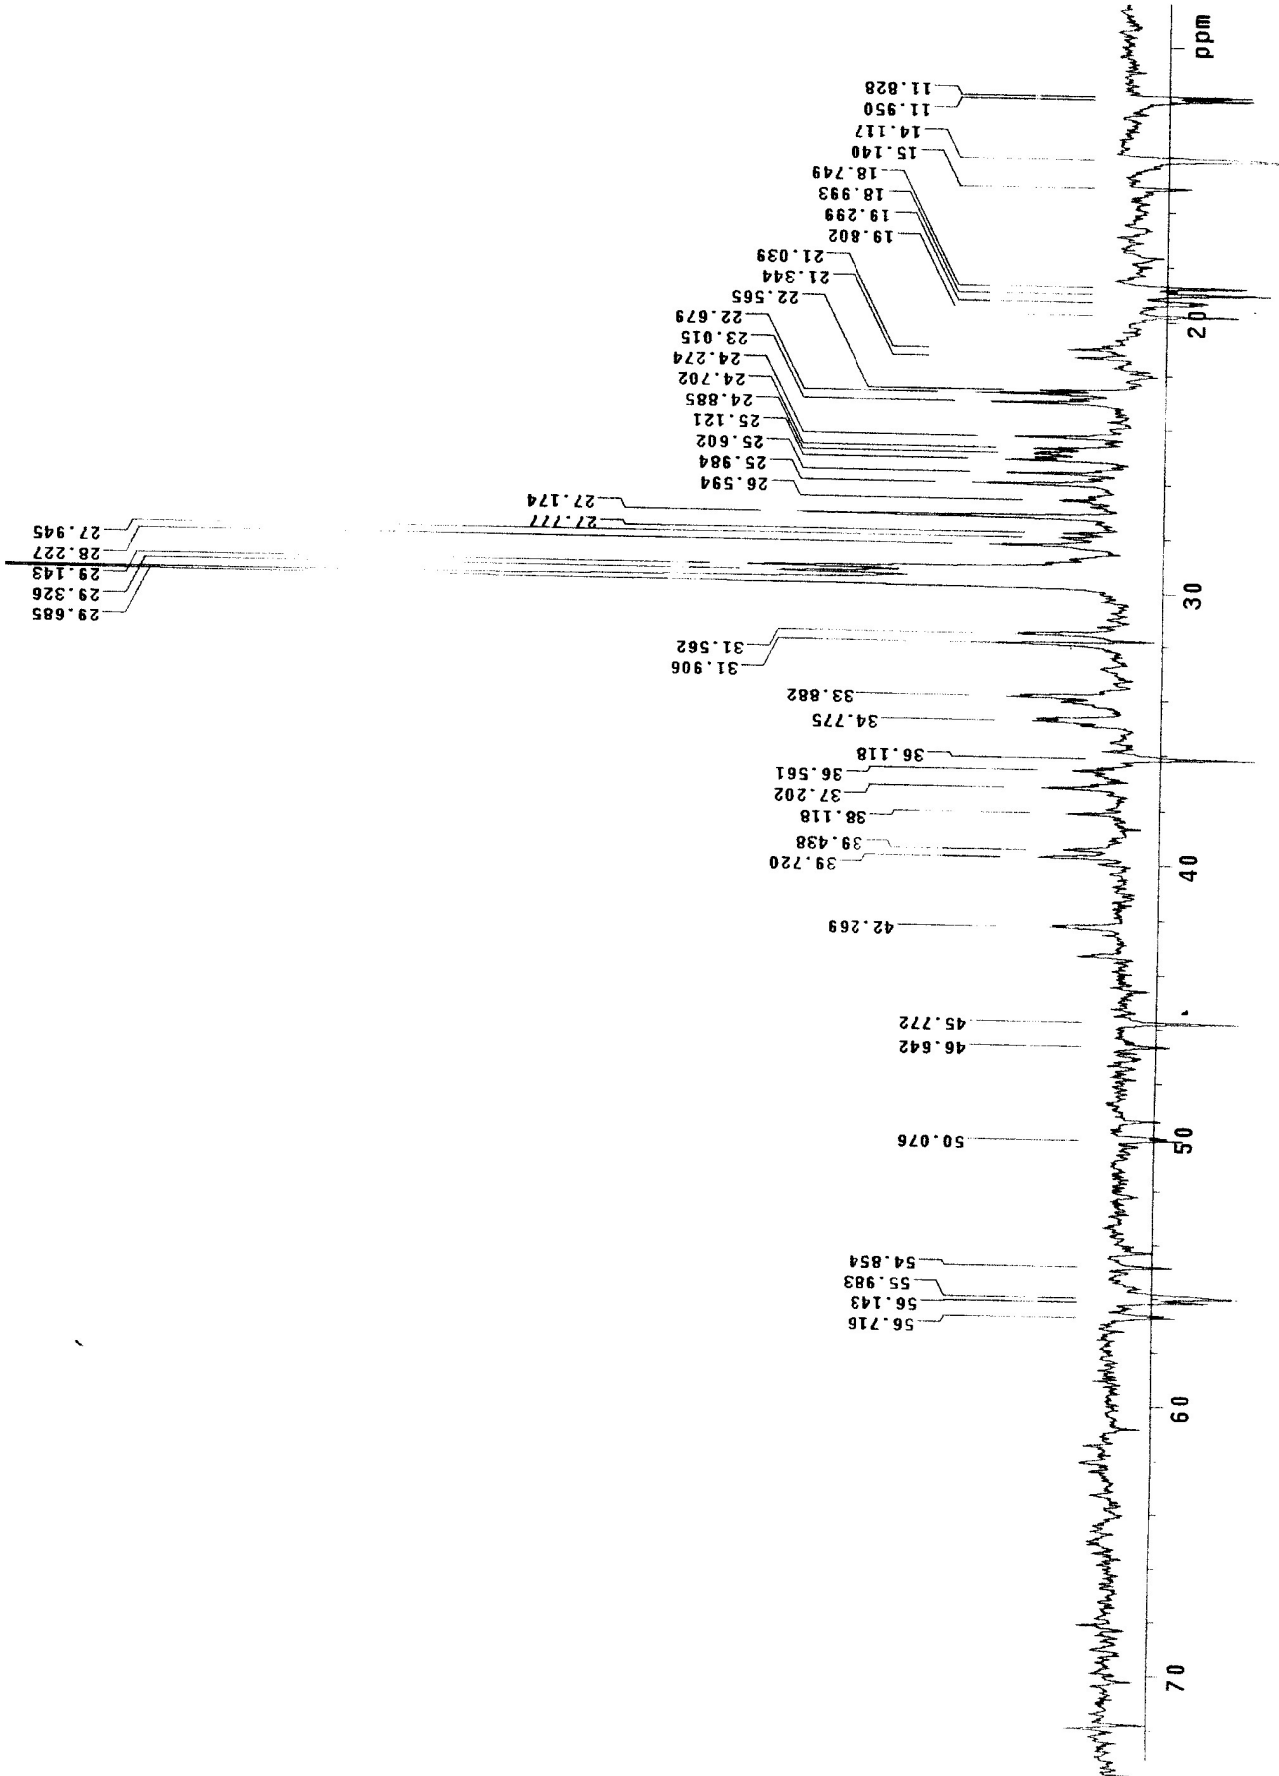

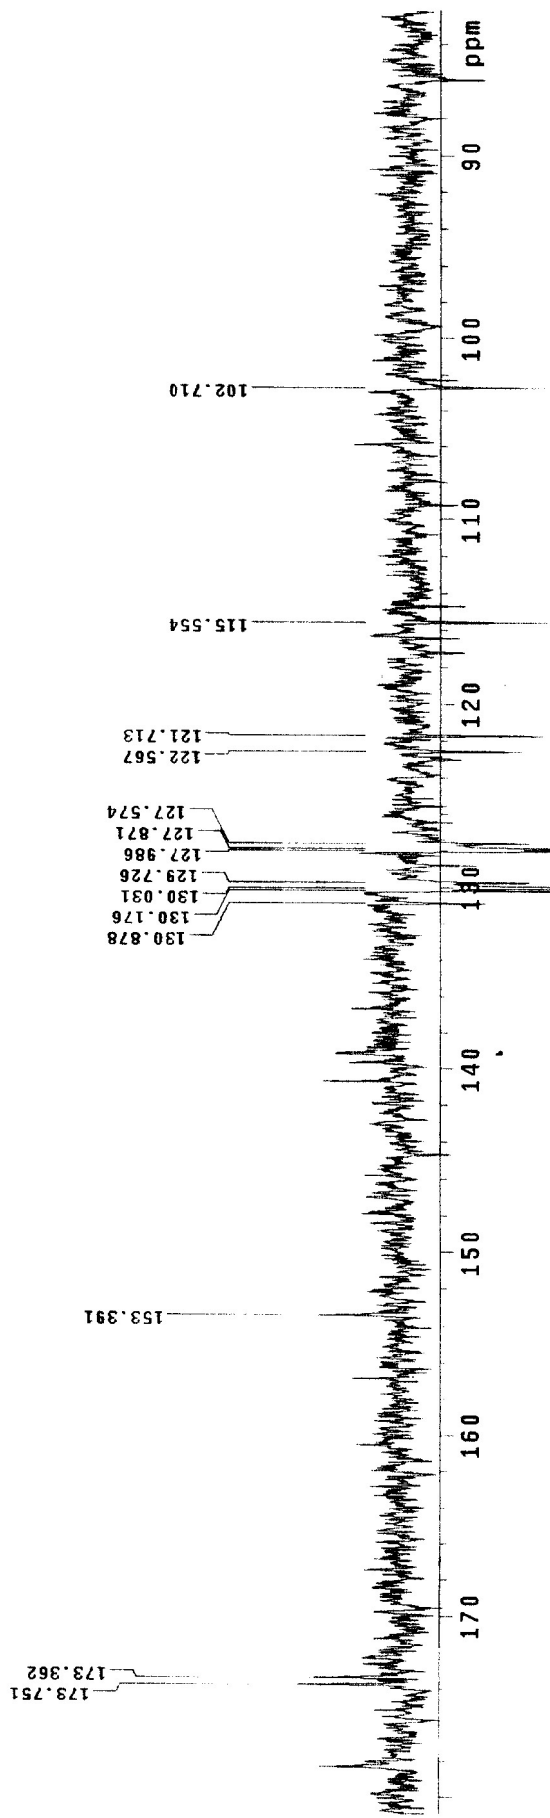

Anexo E. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região da zona de transição do Indivíduo 1 Área I da espécie *E. grandis*.

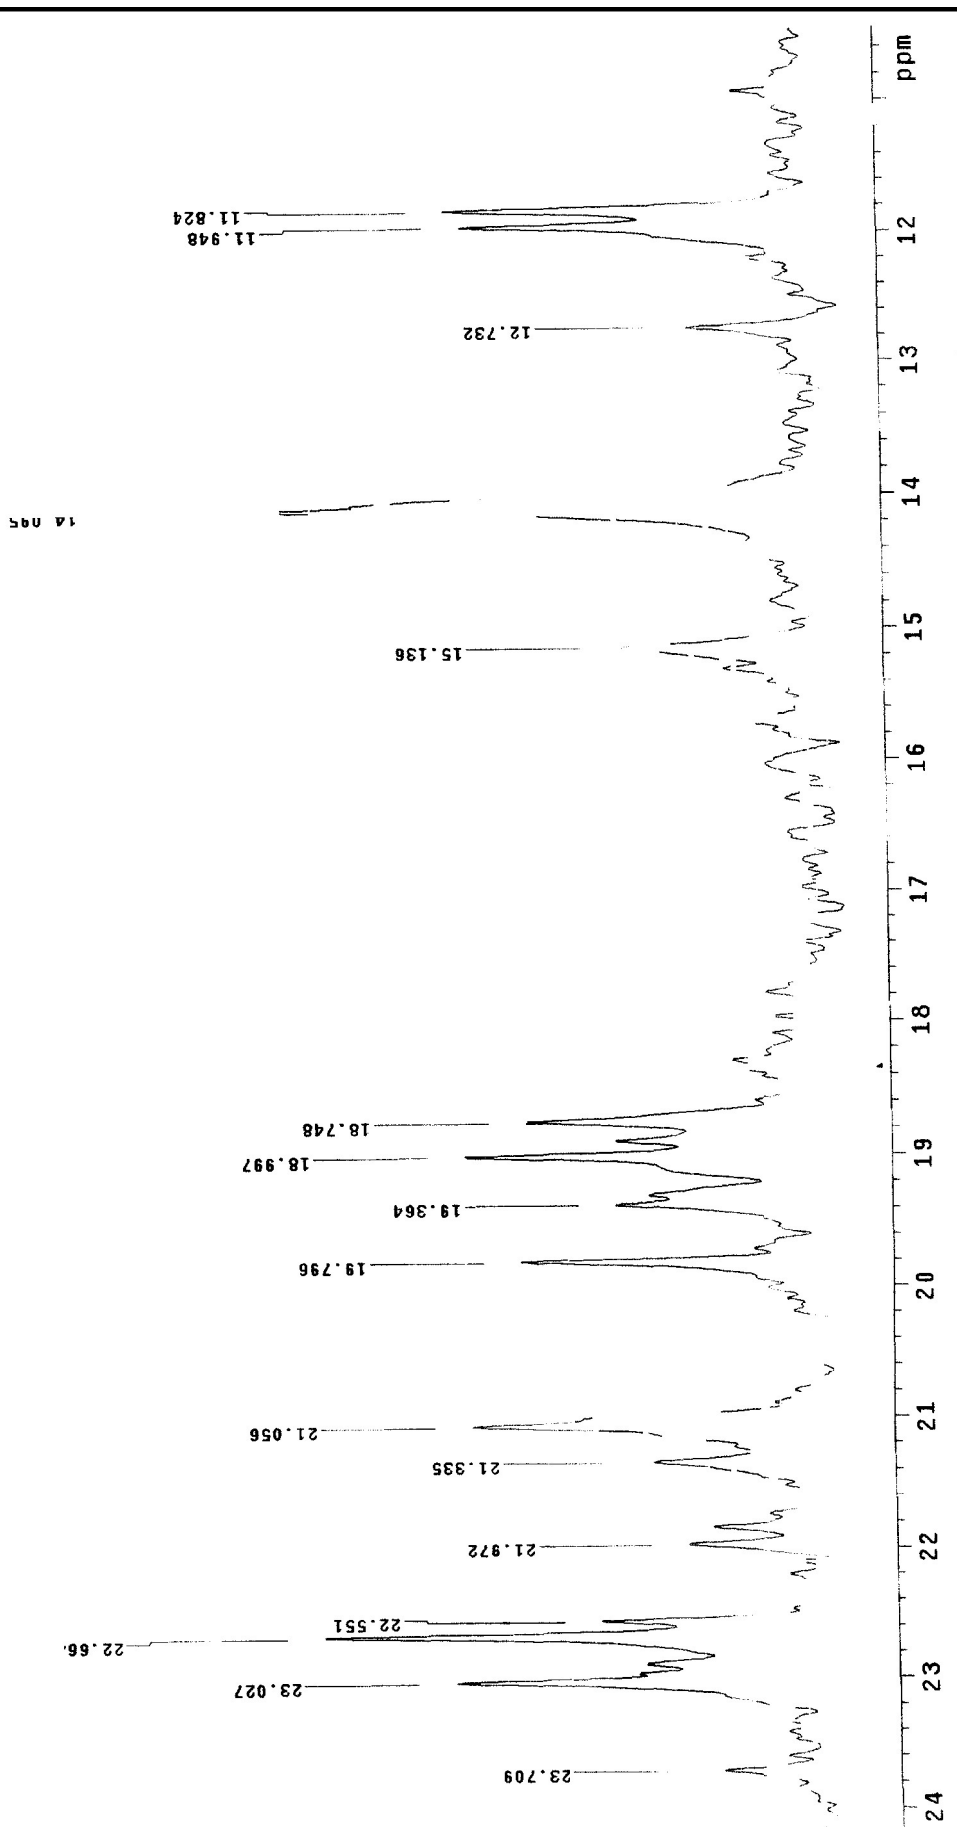

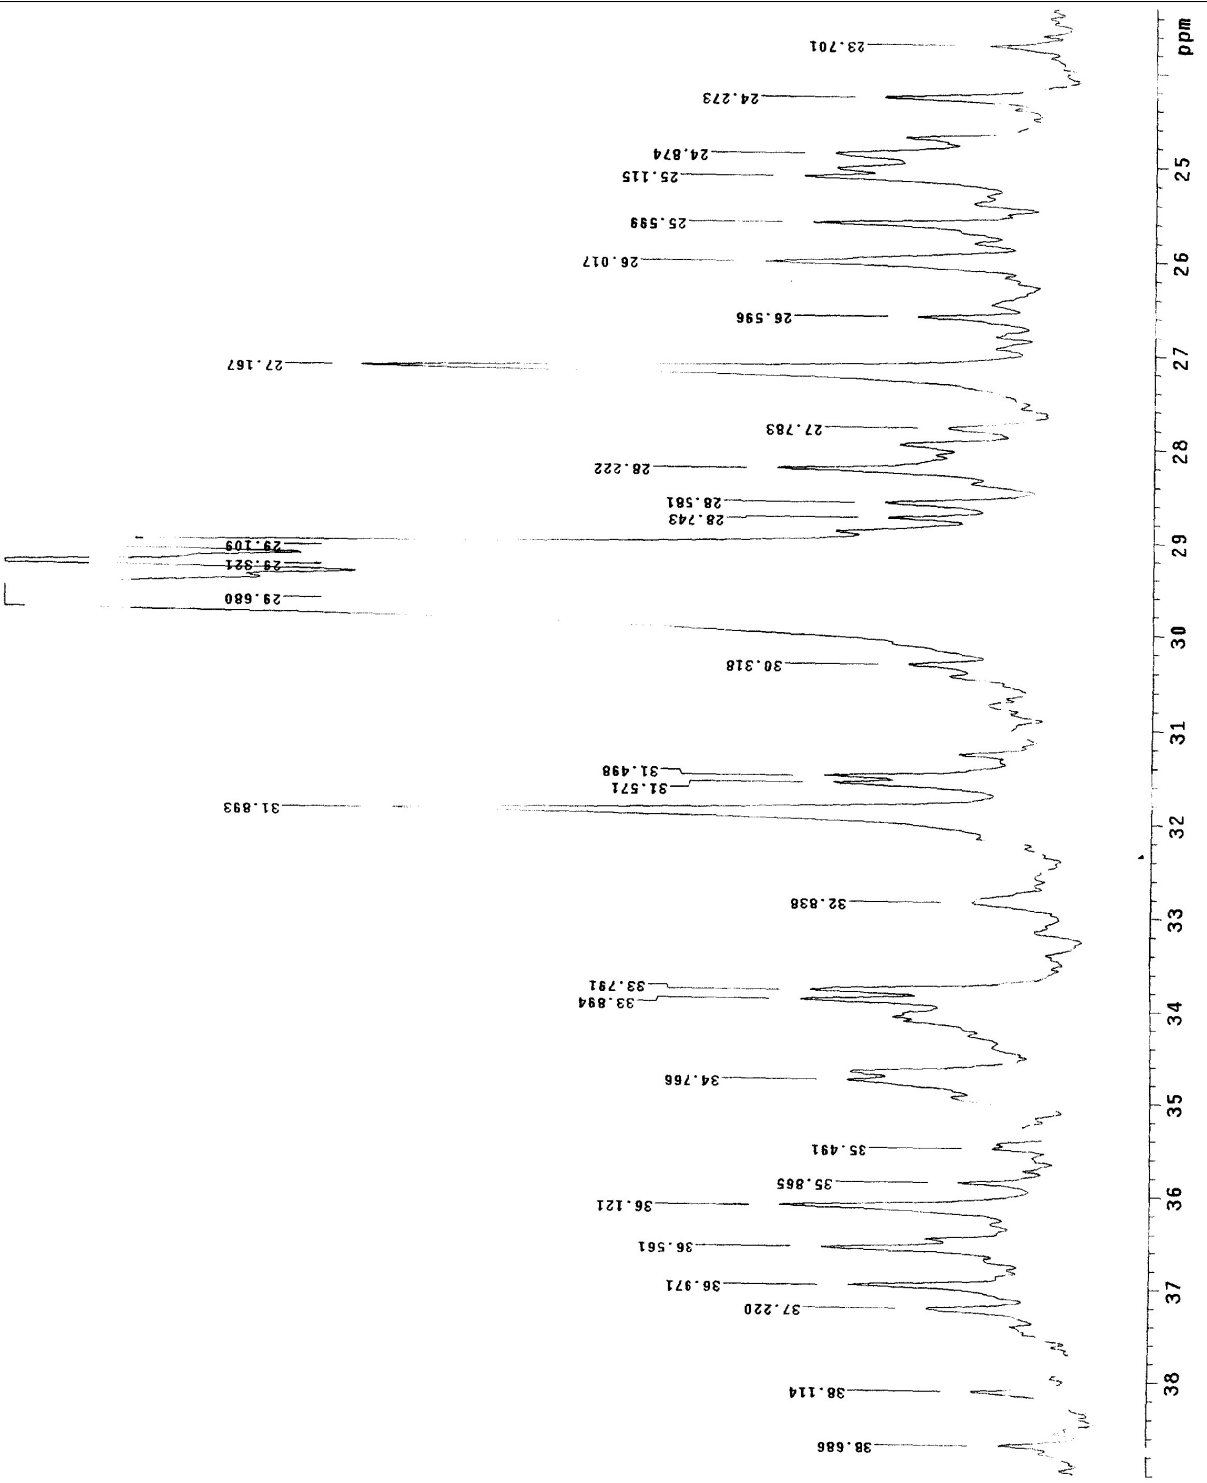

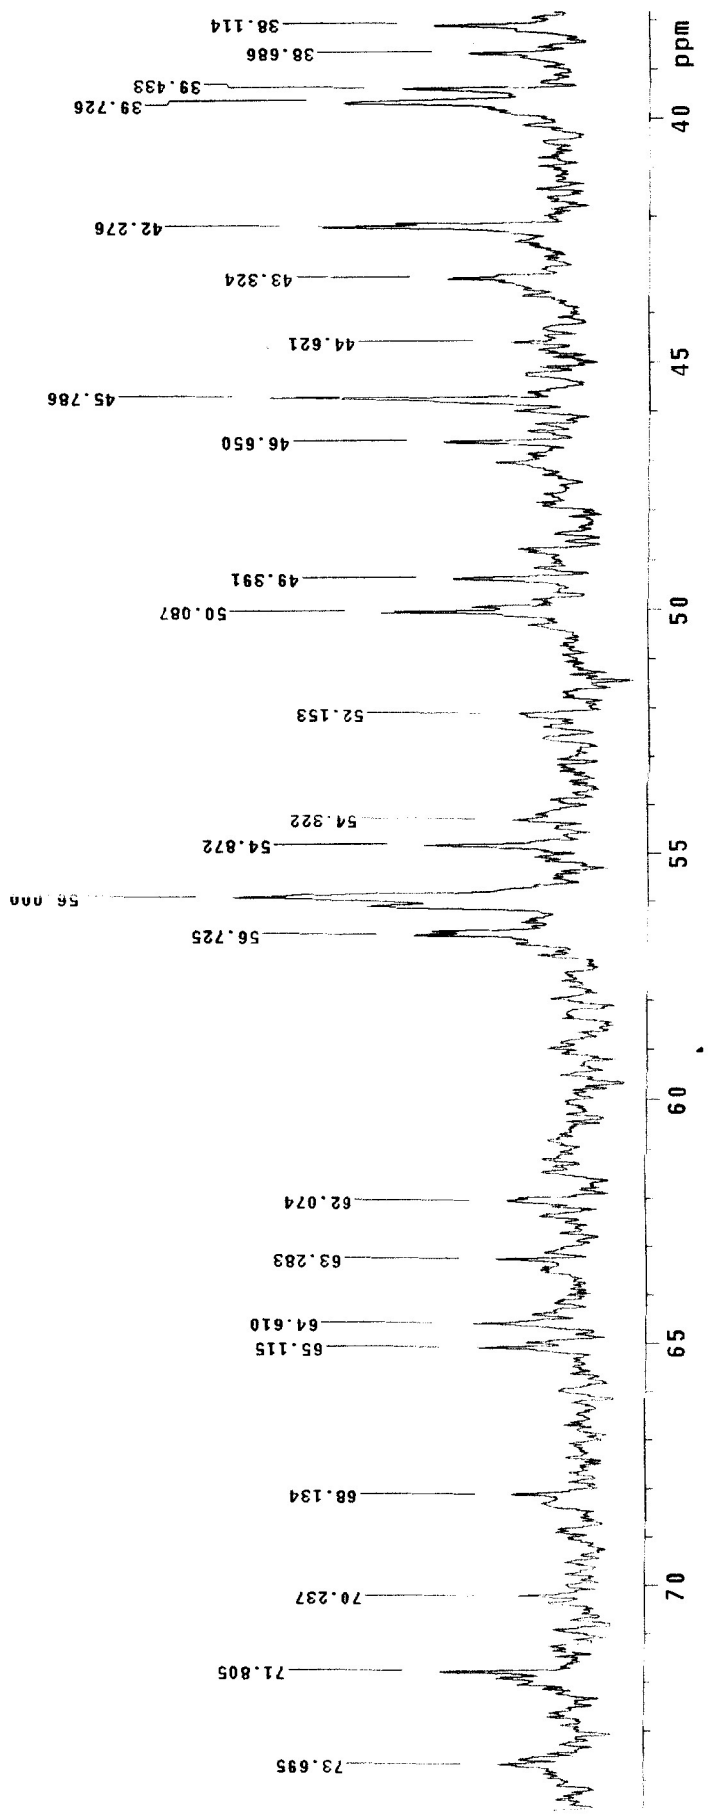

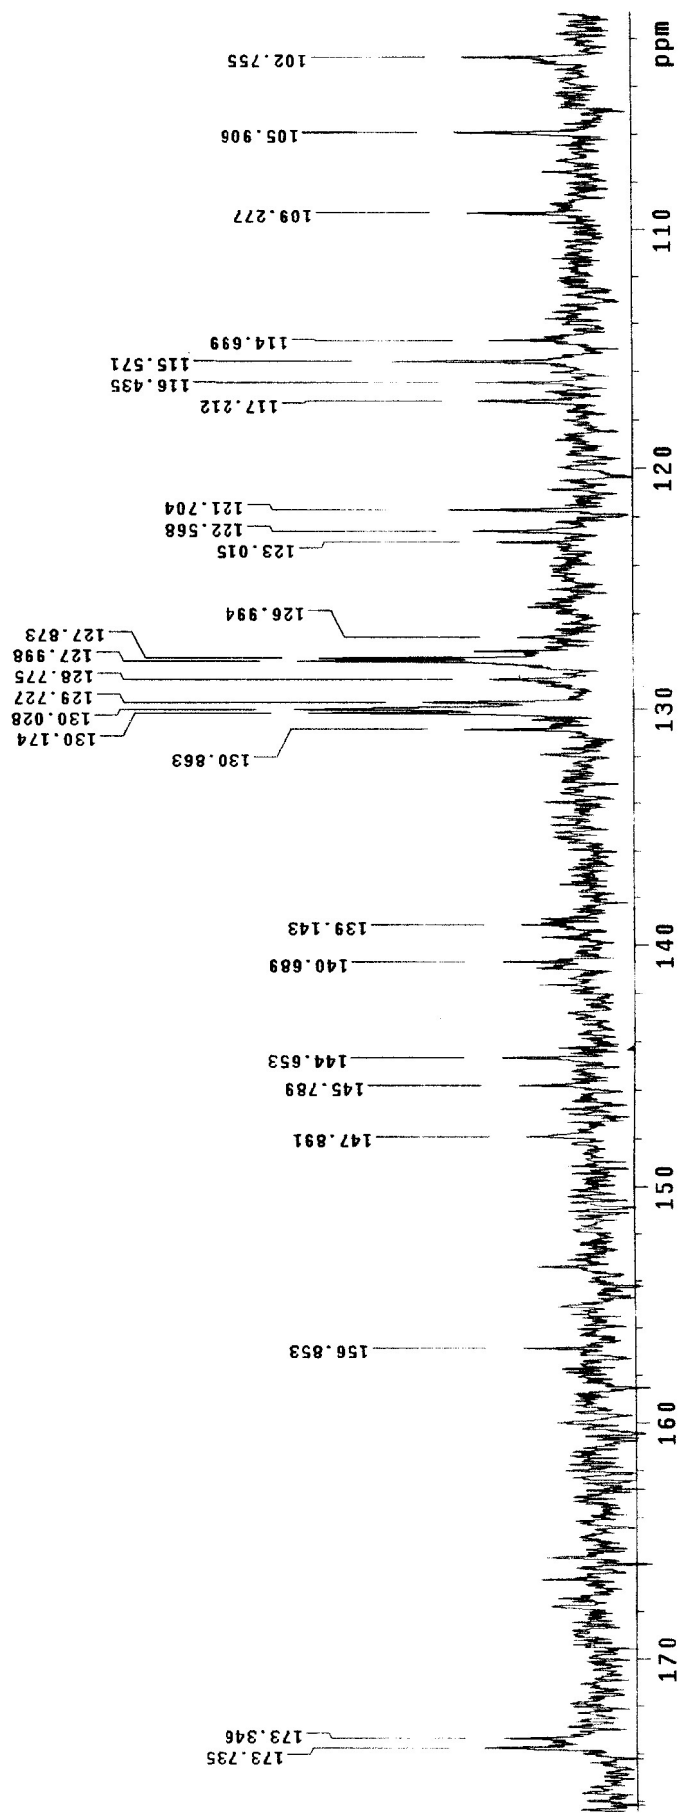

Anexo F. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região da zona de transição do Indivíduo 2 Área I da espécie *E. grandis*.

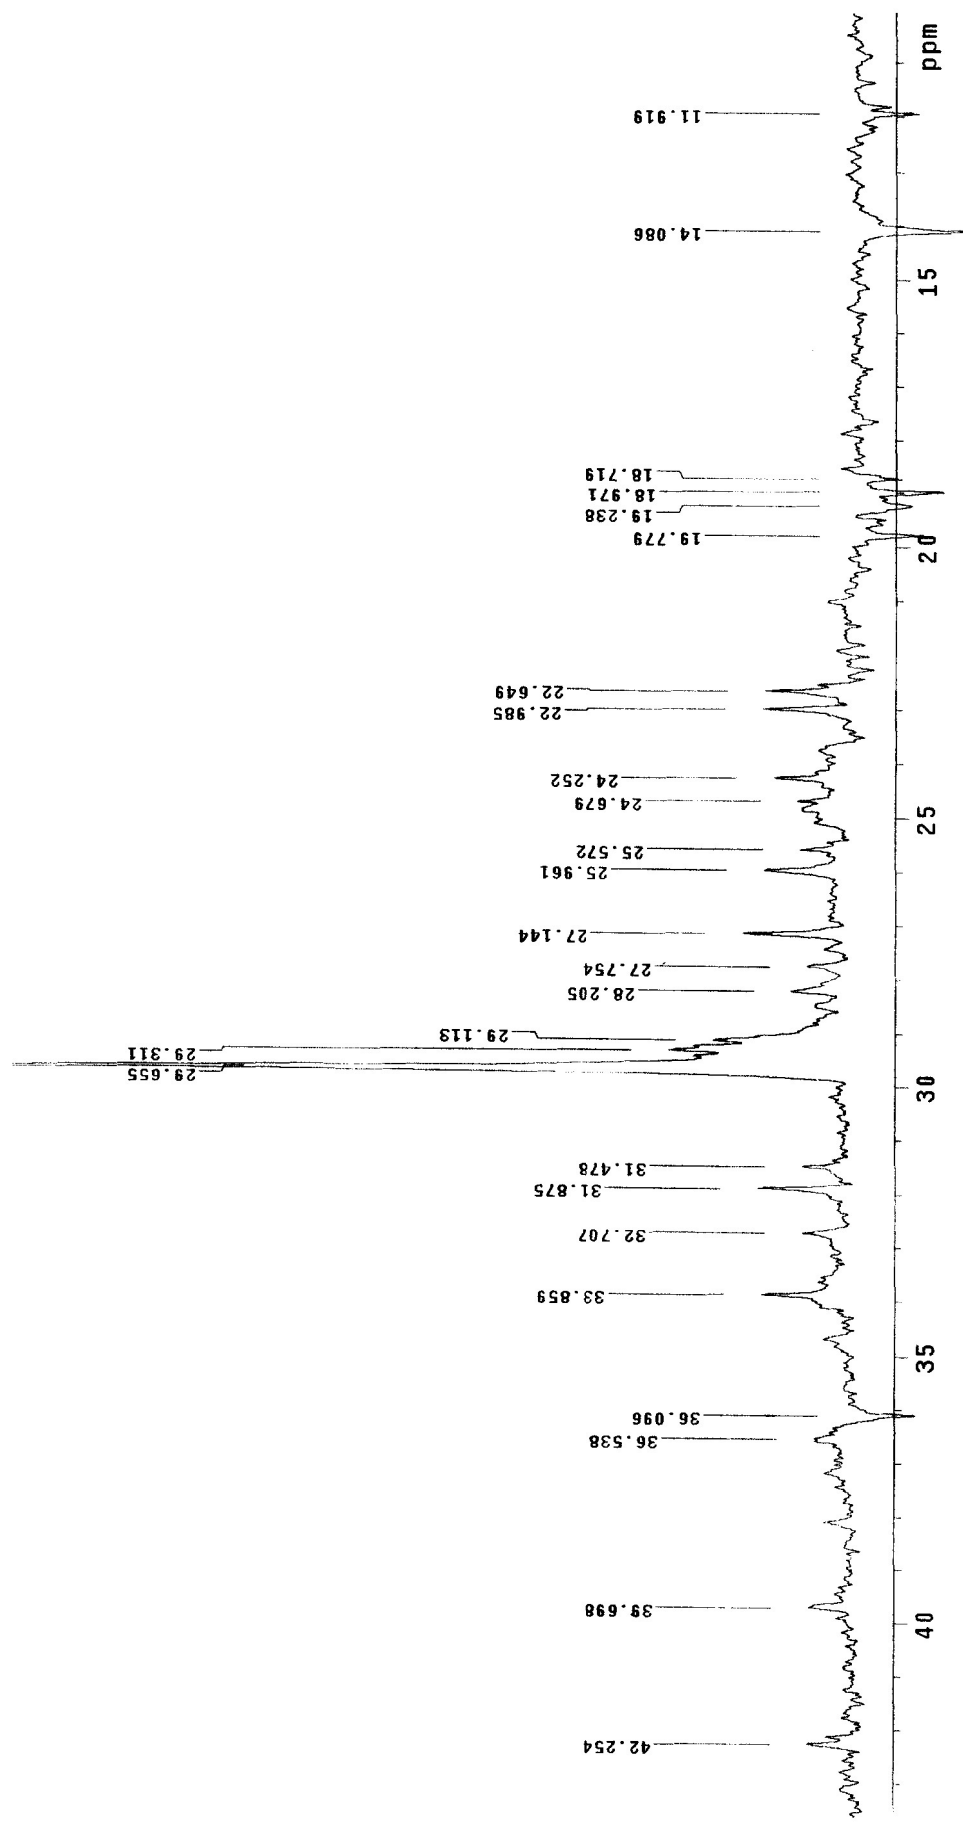

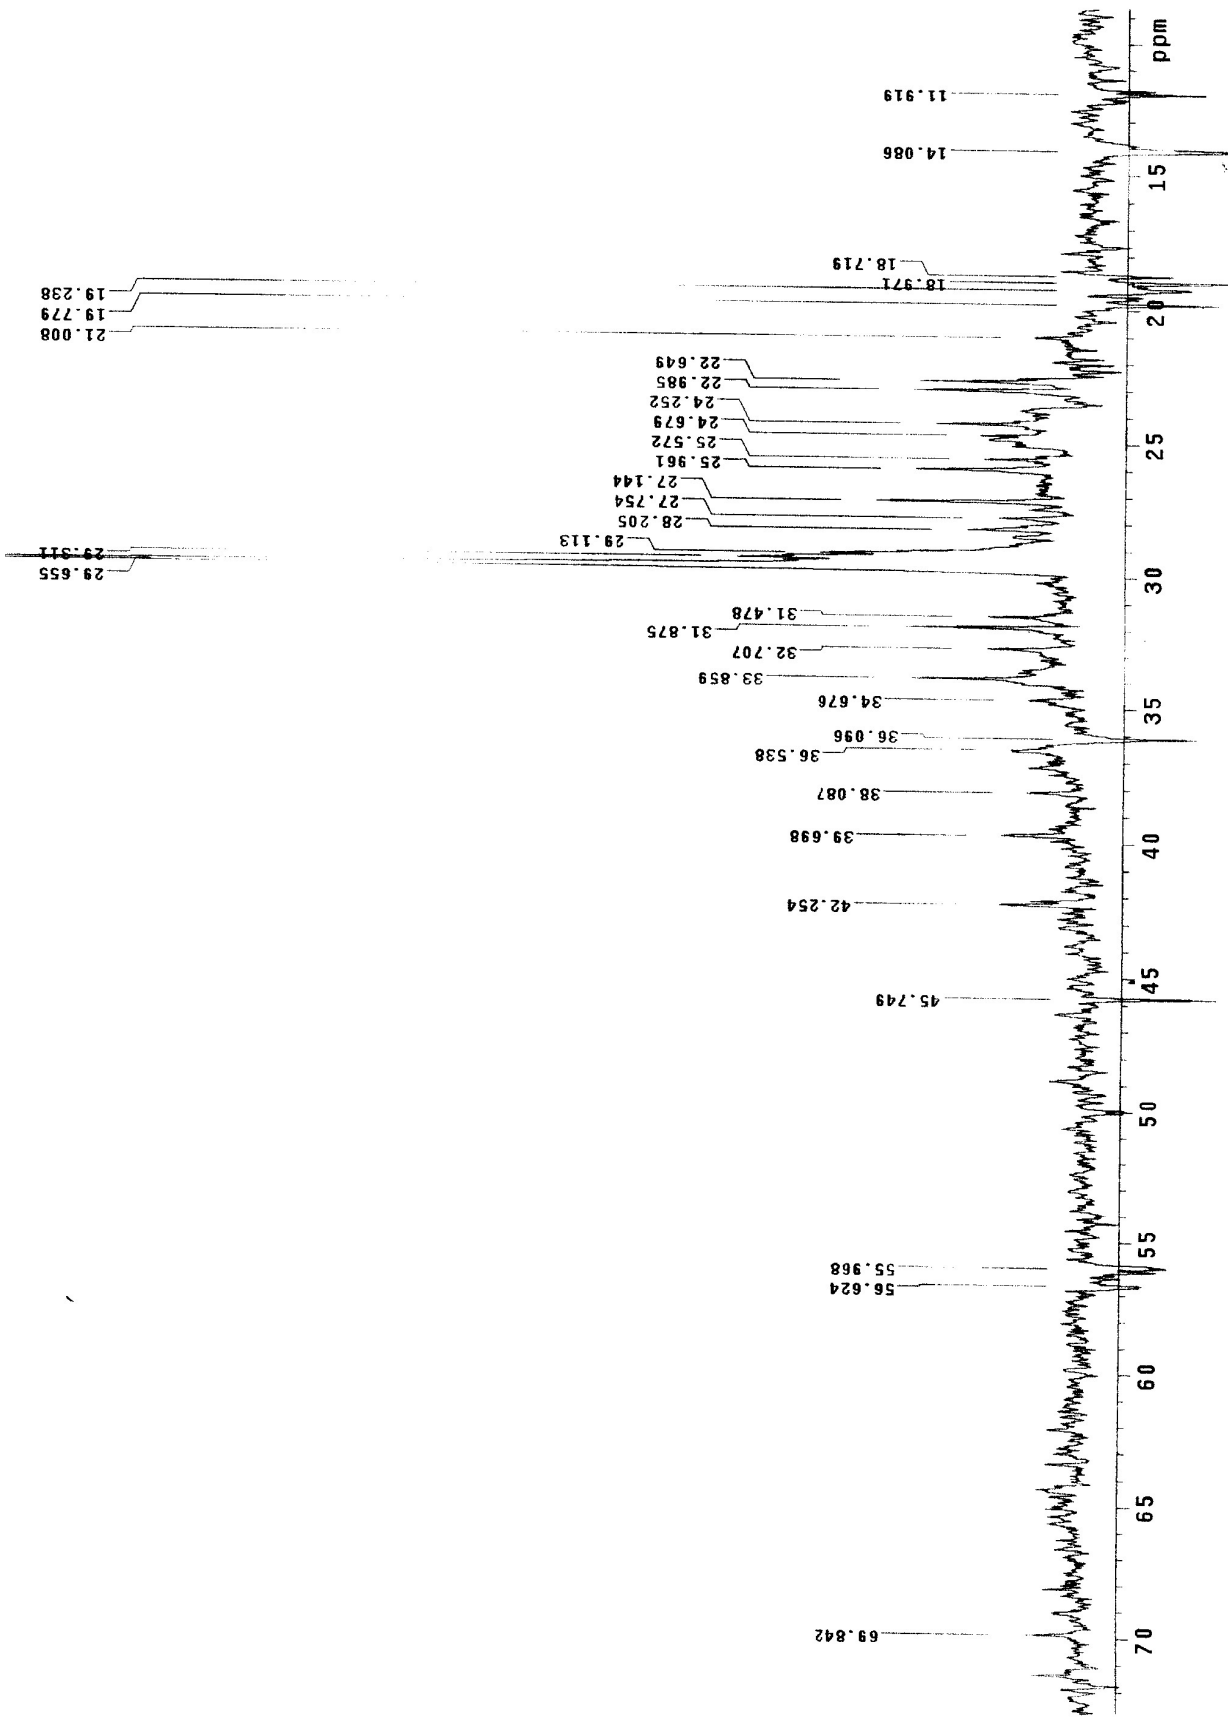

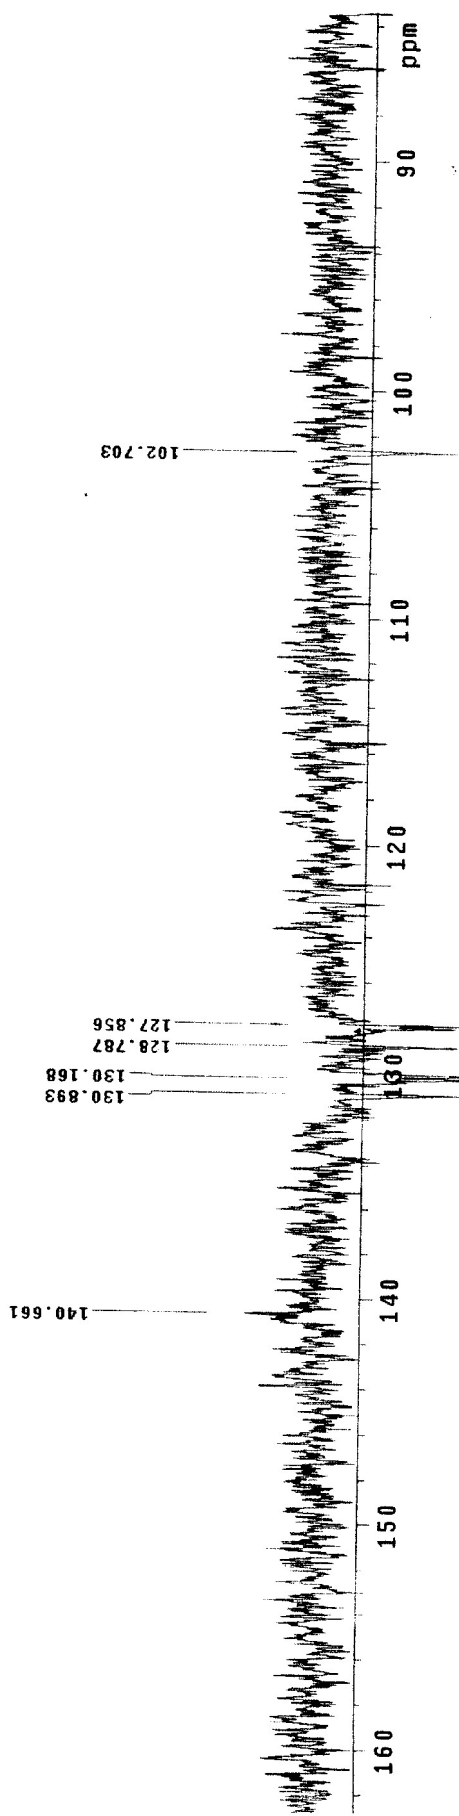

**Anexo G.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região da zona de transição do Indivíduo 1 Área II da espécie *E. grandis*.

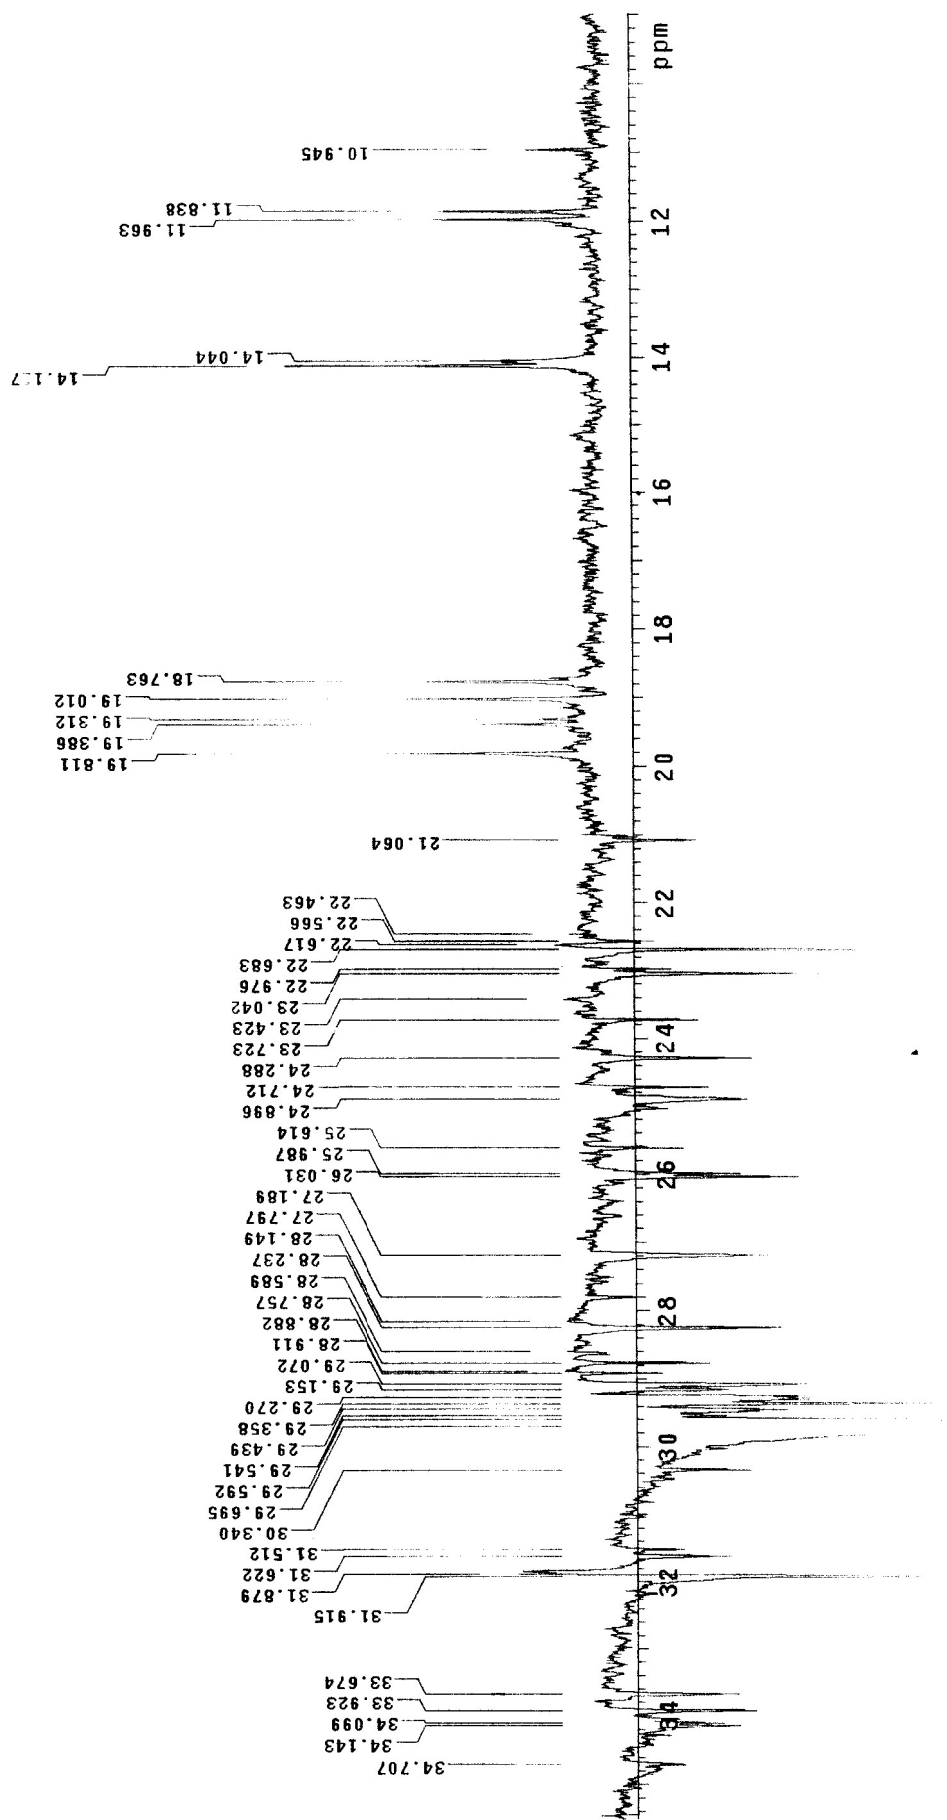

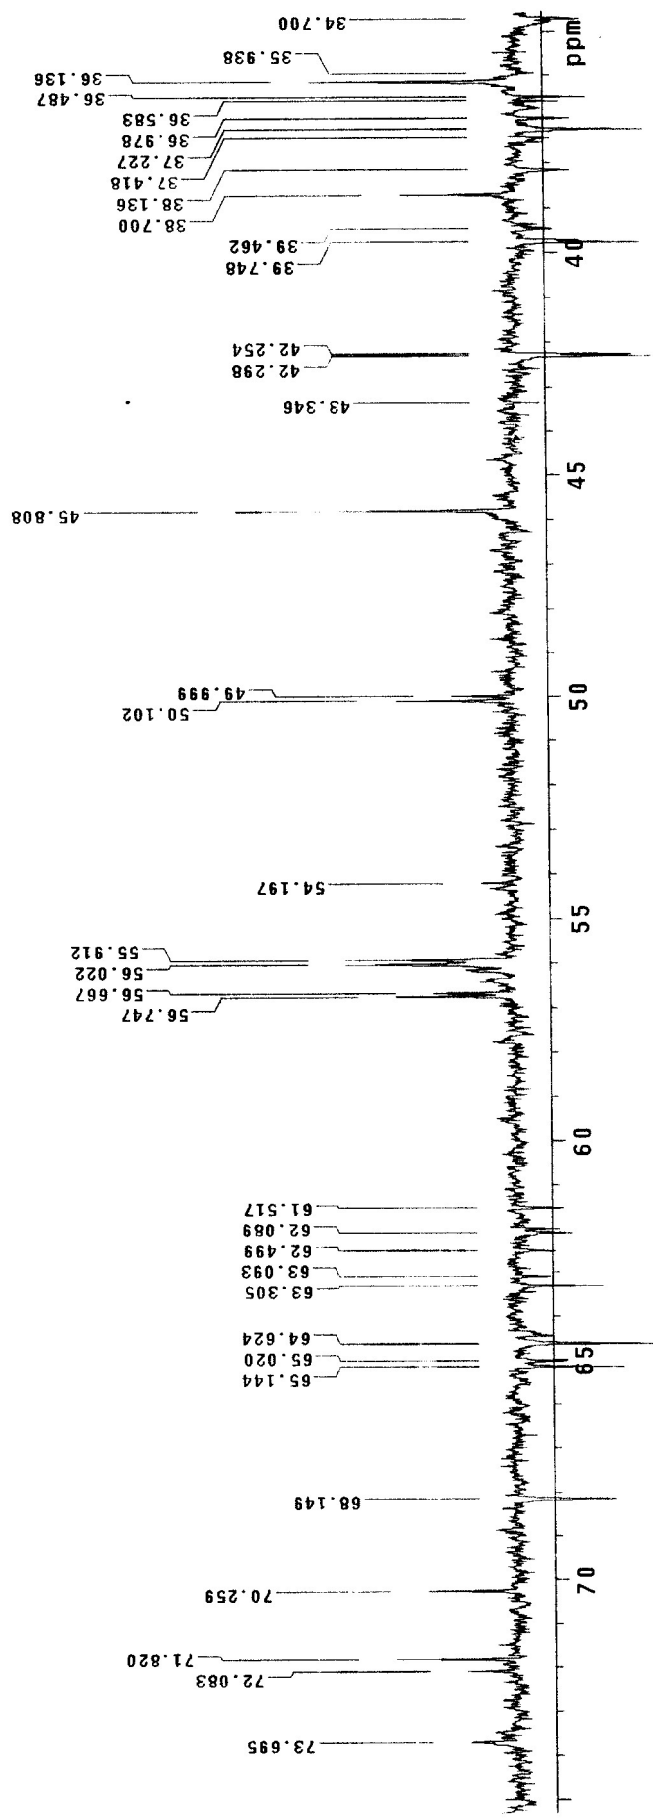

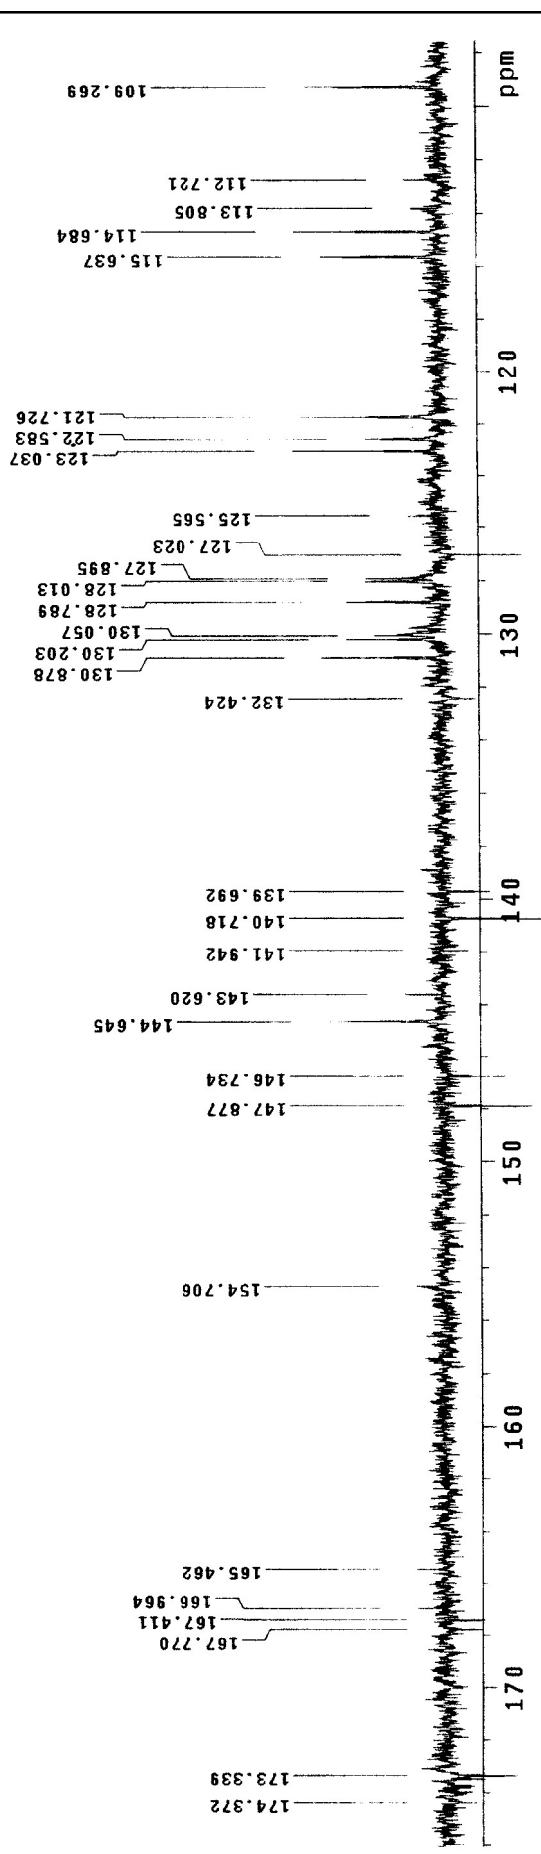

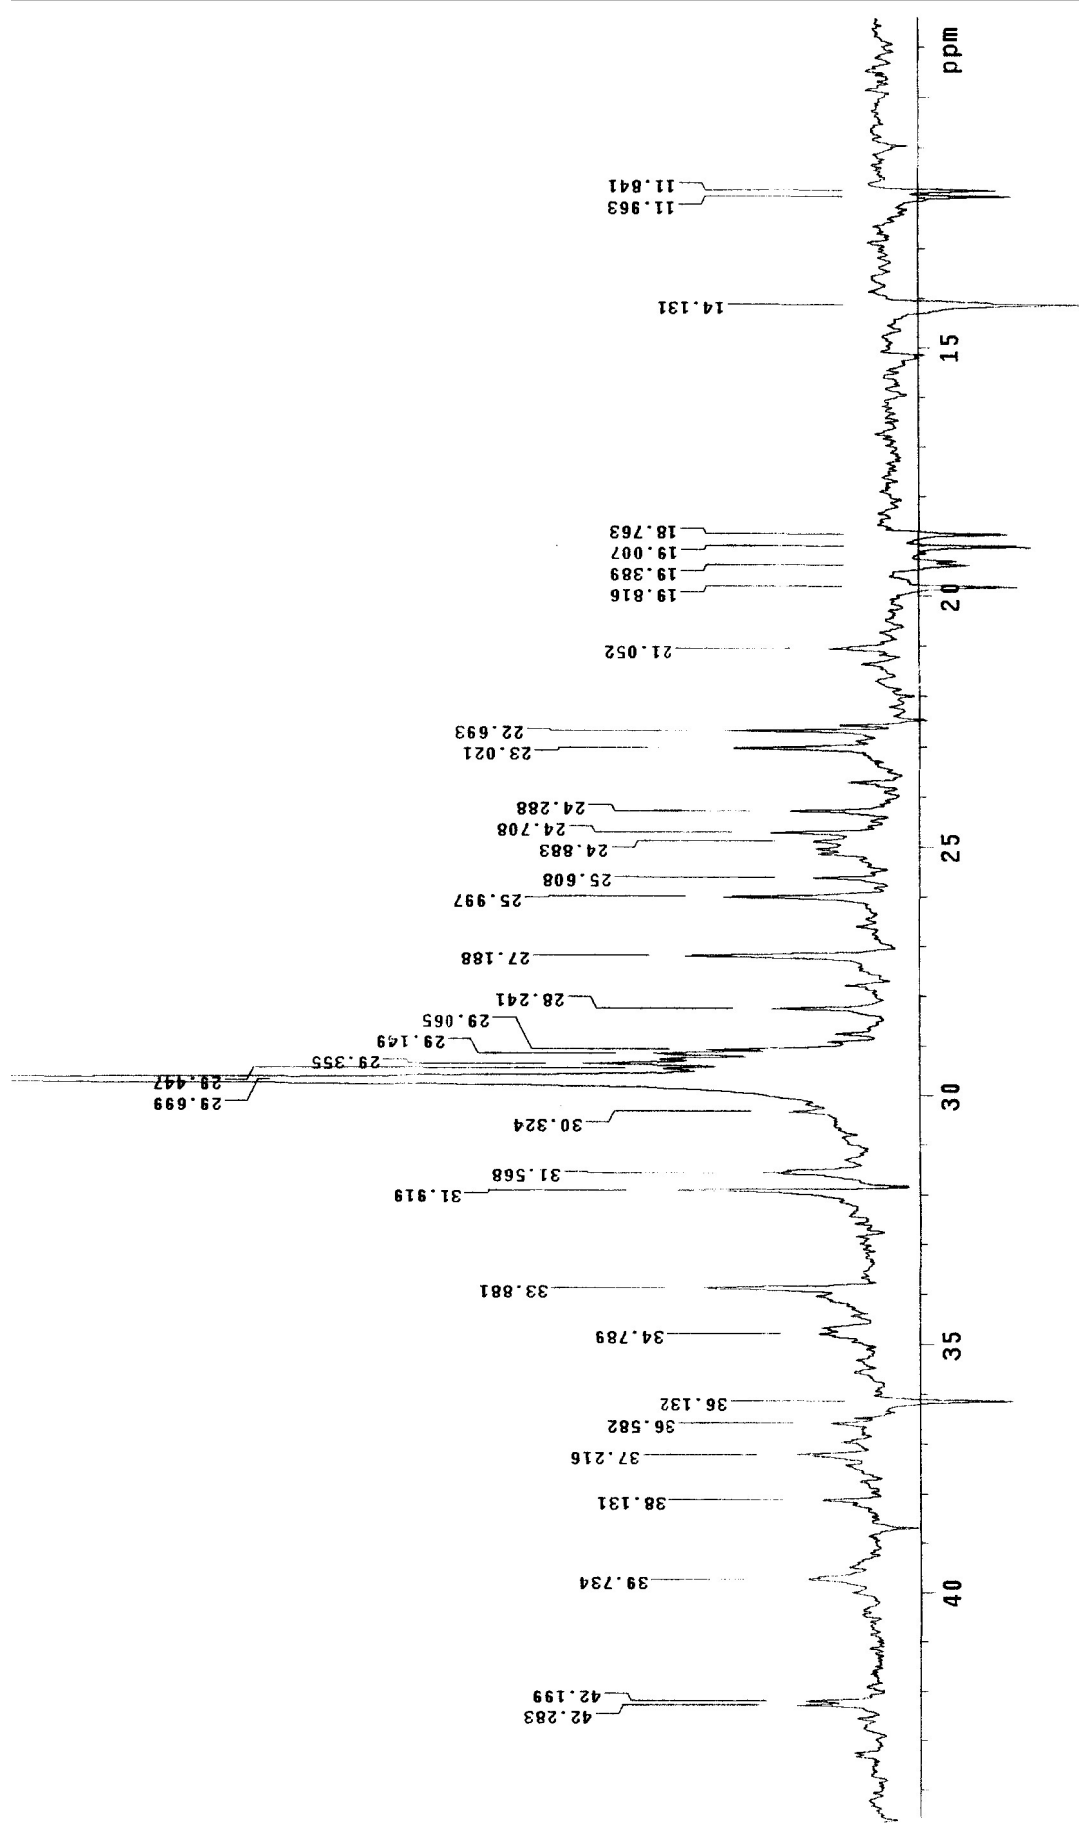

**Anexo H.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região da zona de transição do Indivíduo 2 Área II da espécie *E. grandis*.

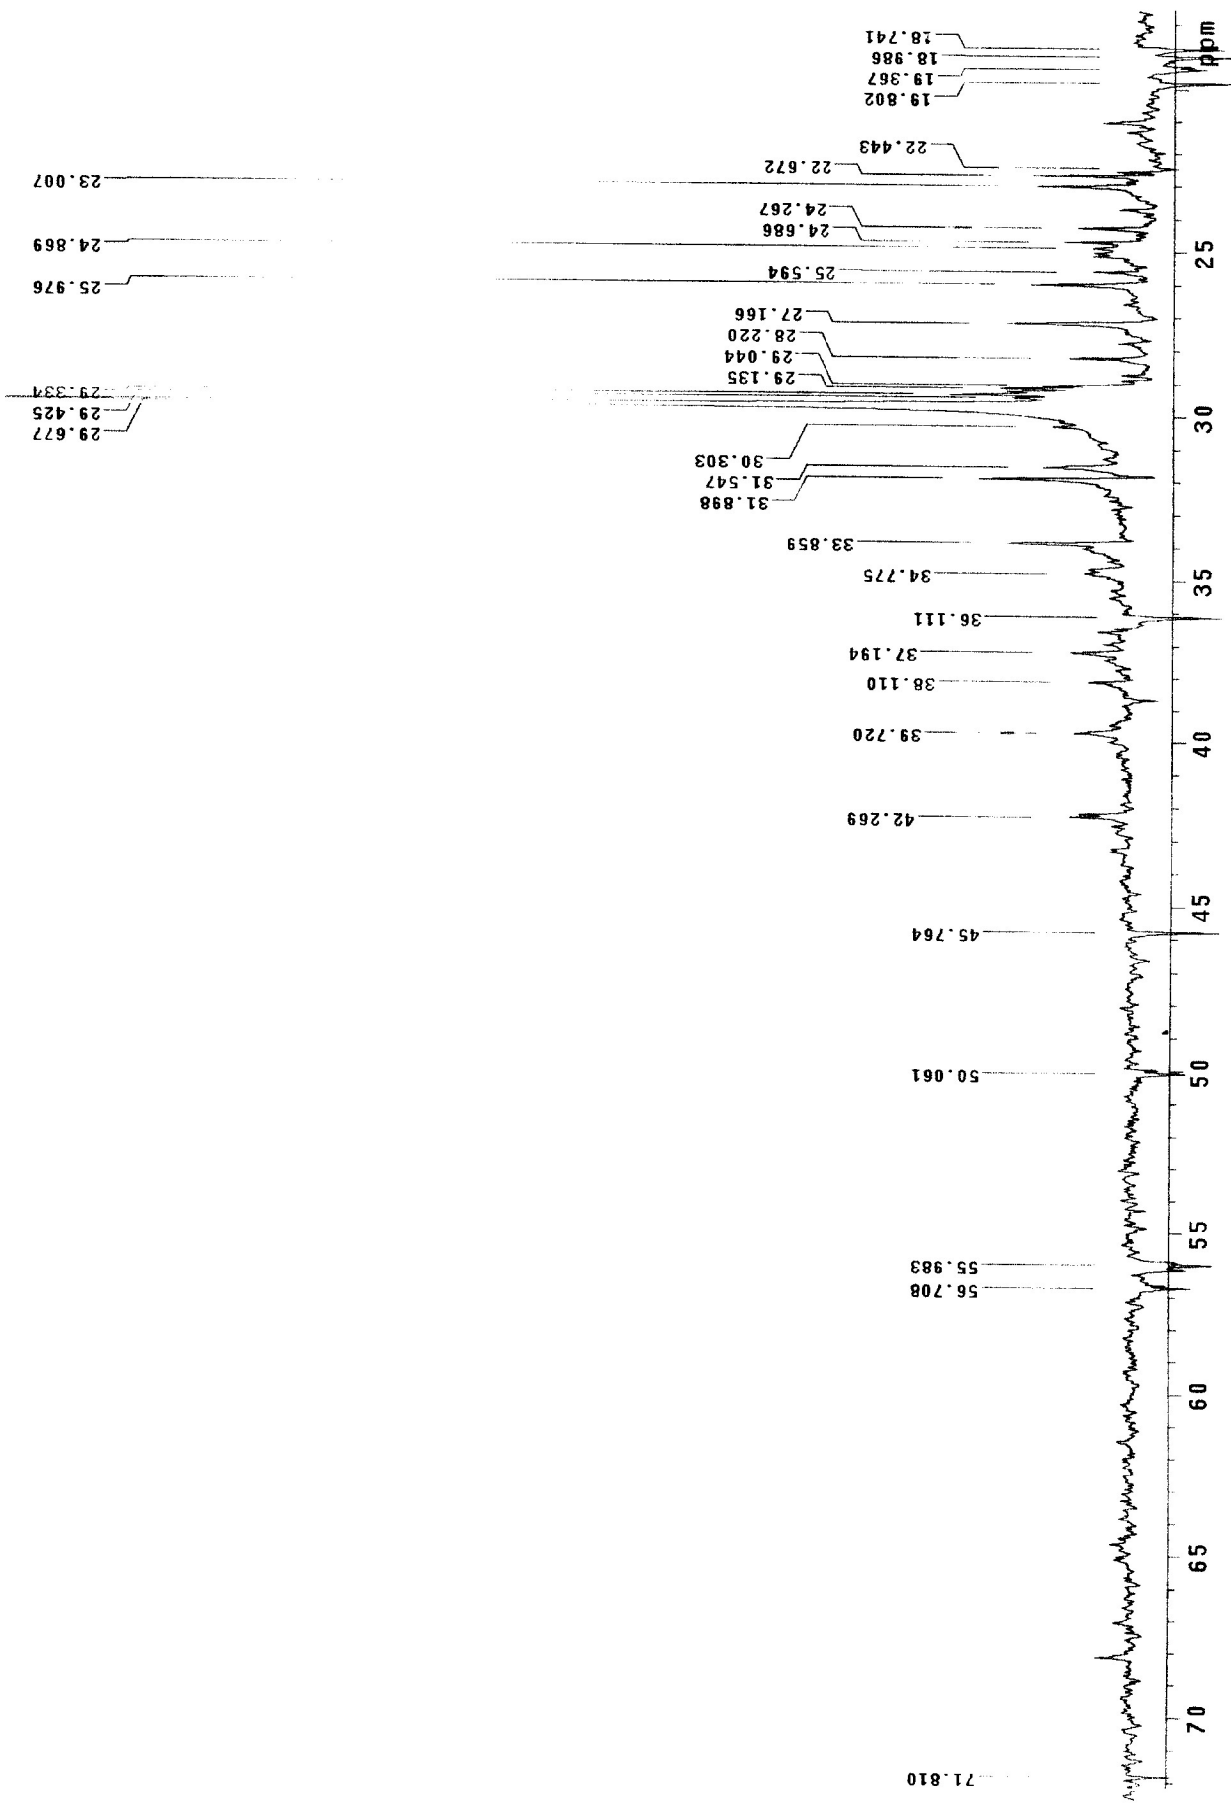

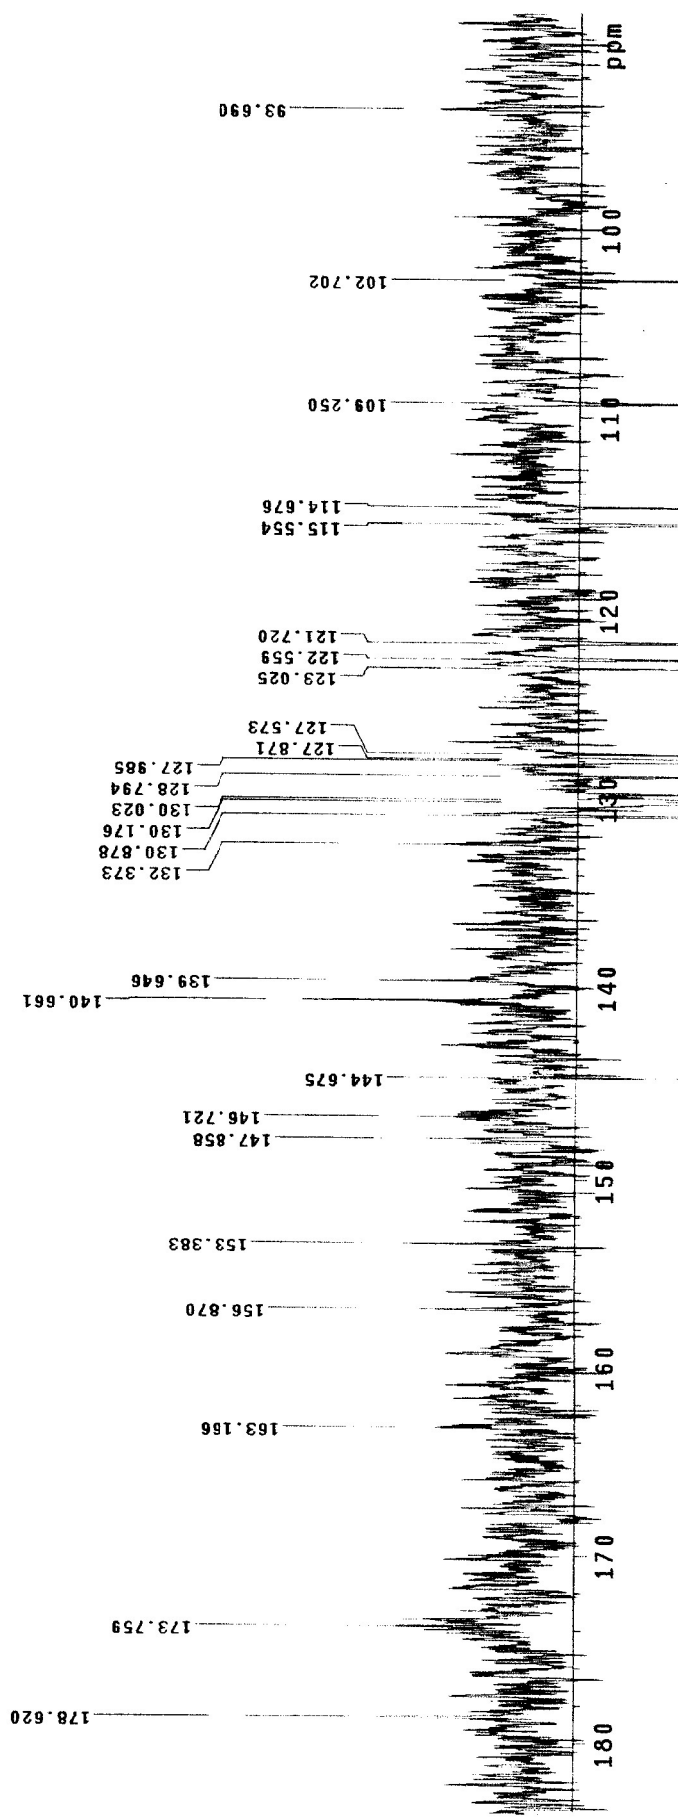

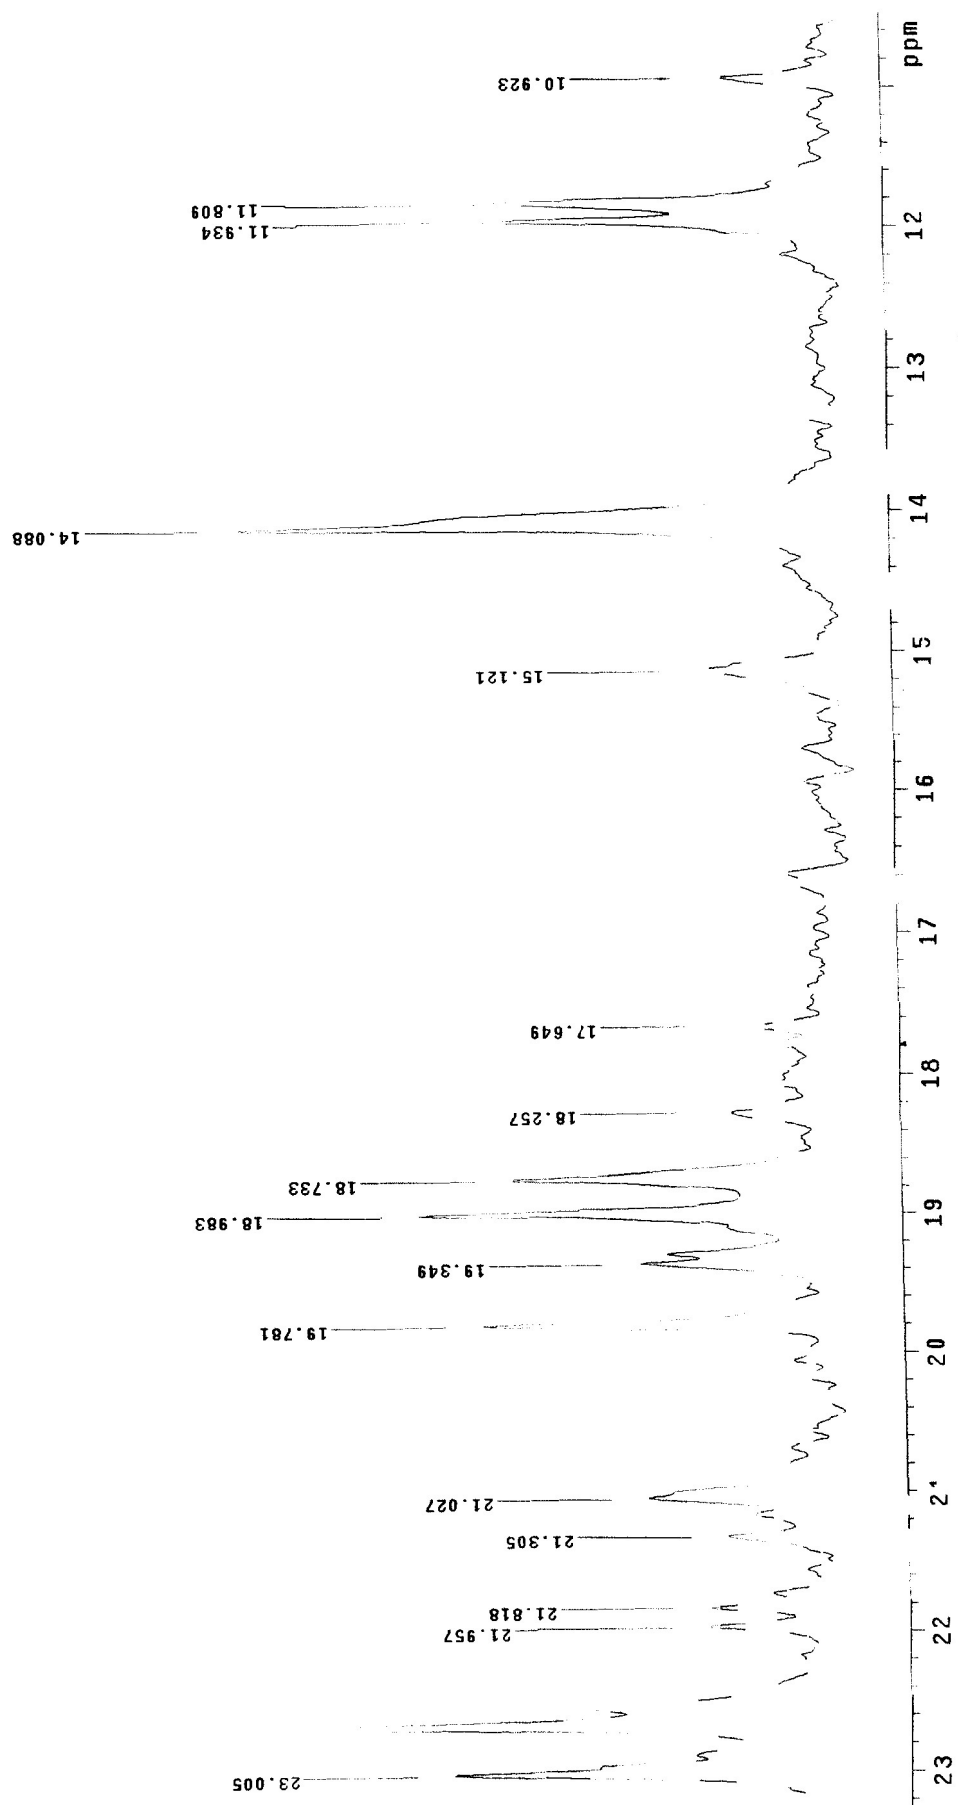

**Anexo I.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do cerne do indivíduo 1 Área I da espécie *E. grandis*.

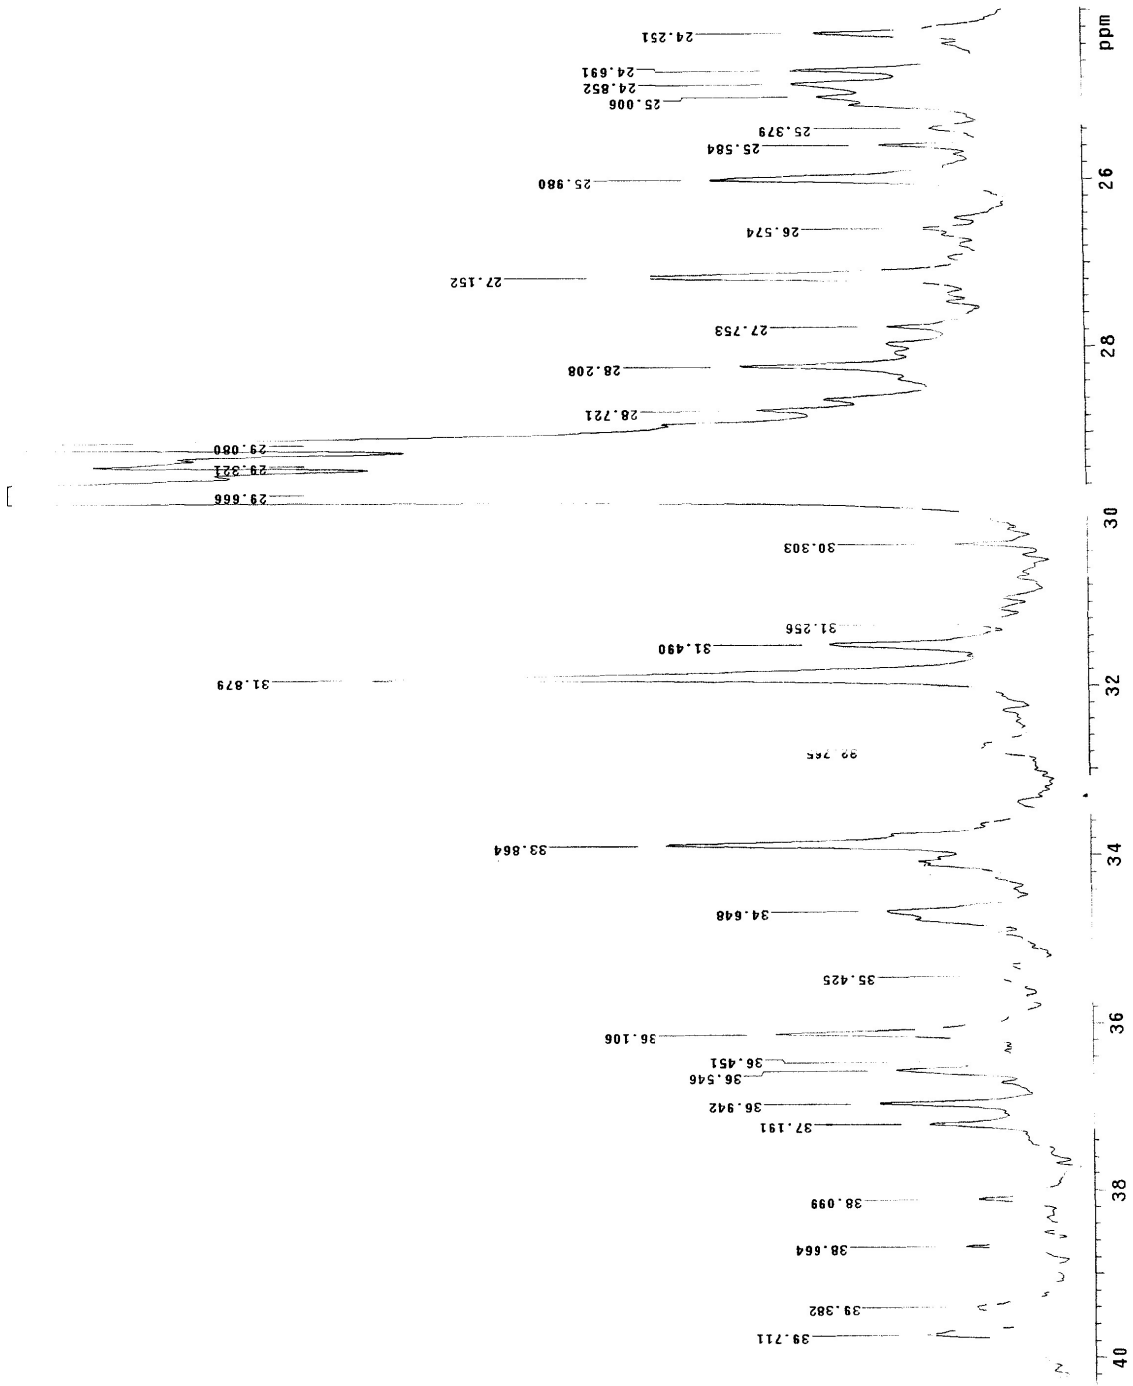

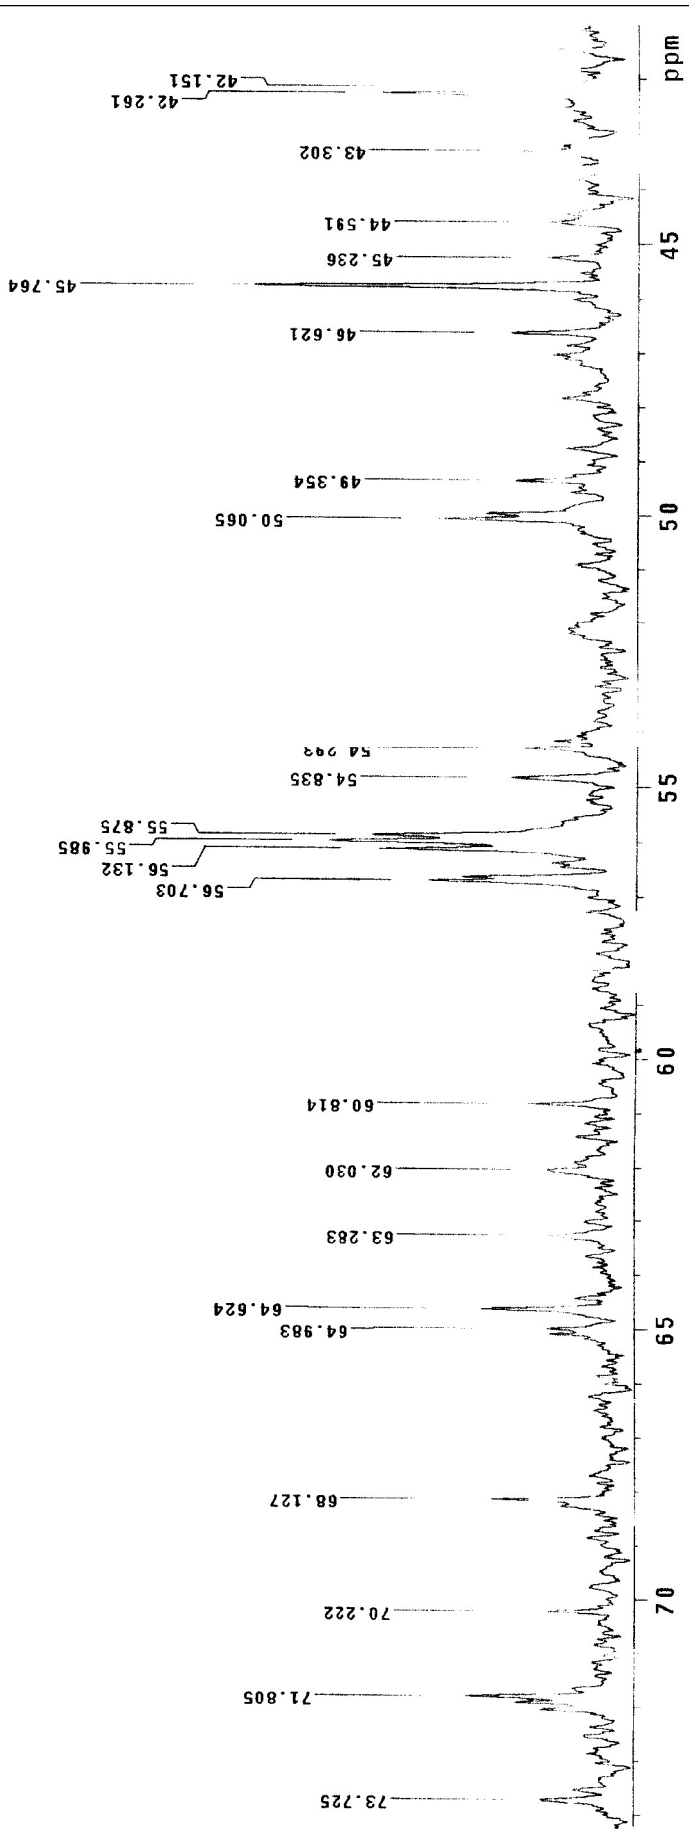

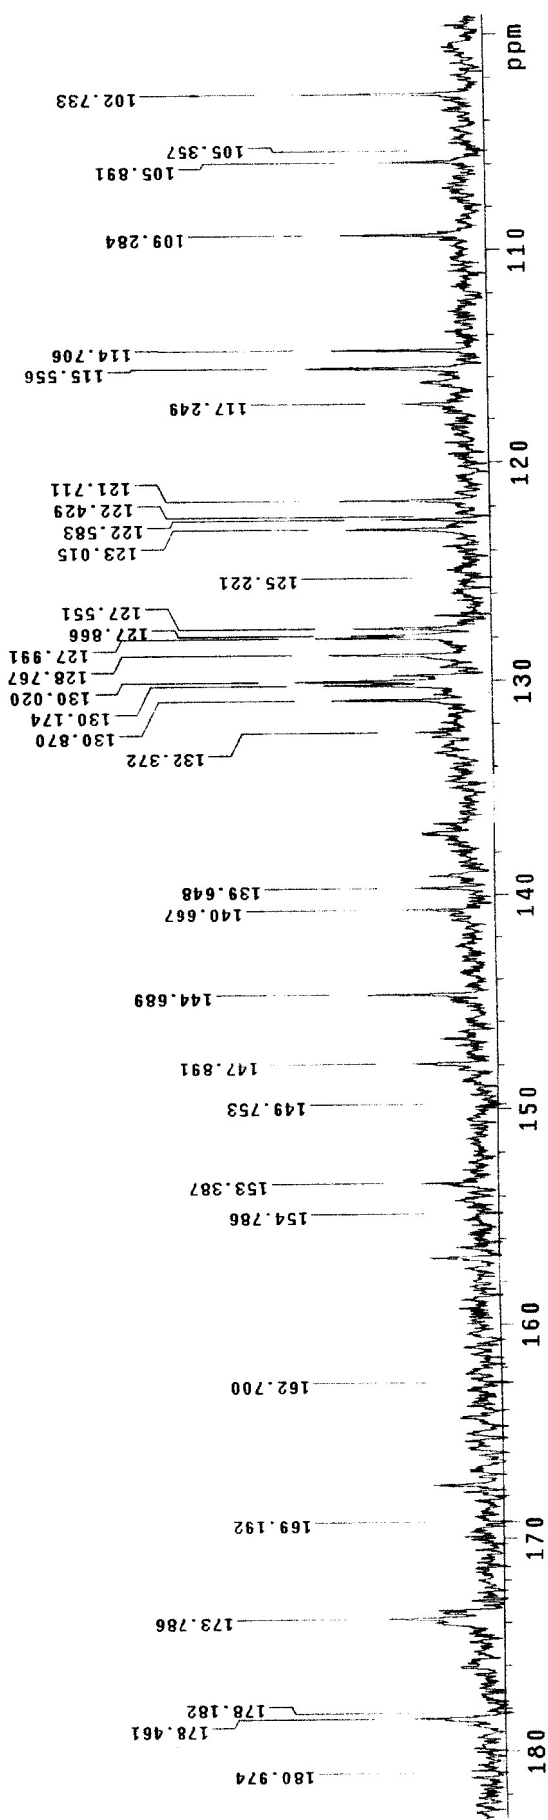

Anexo J. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do cerne do Indivíduo 2 Área I da espécie *E. grandis*.

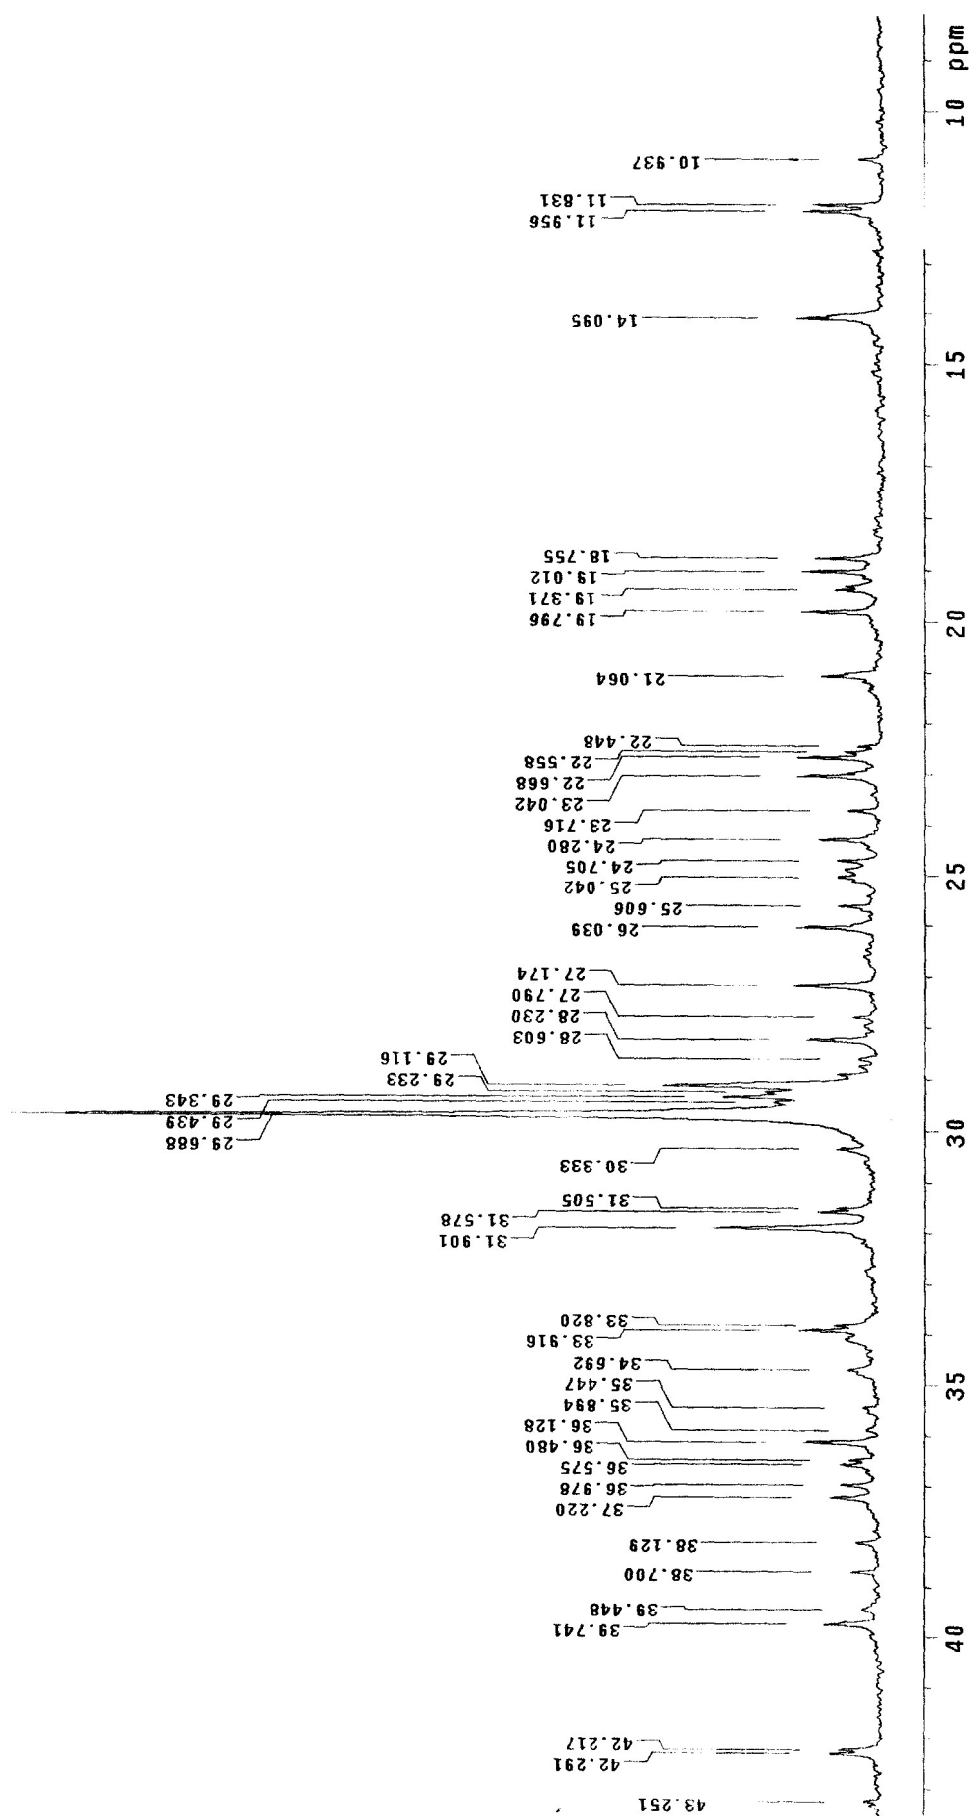

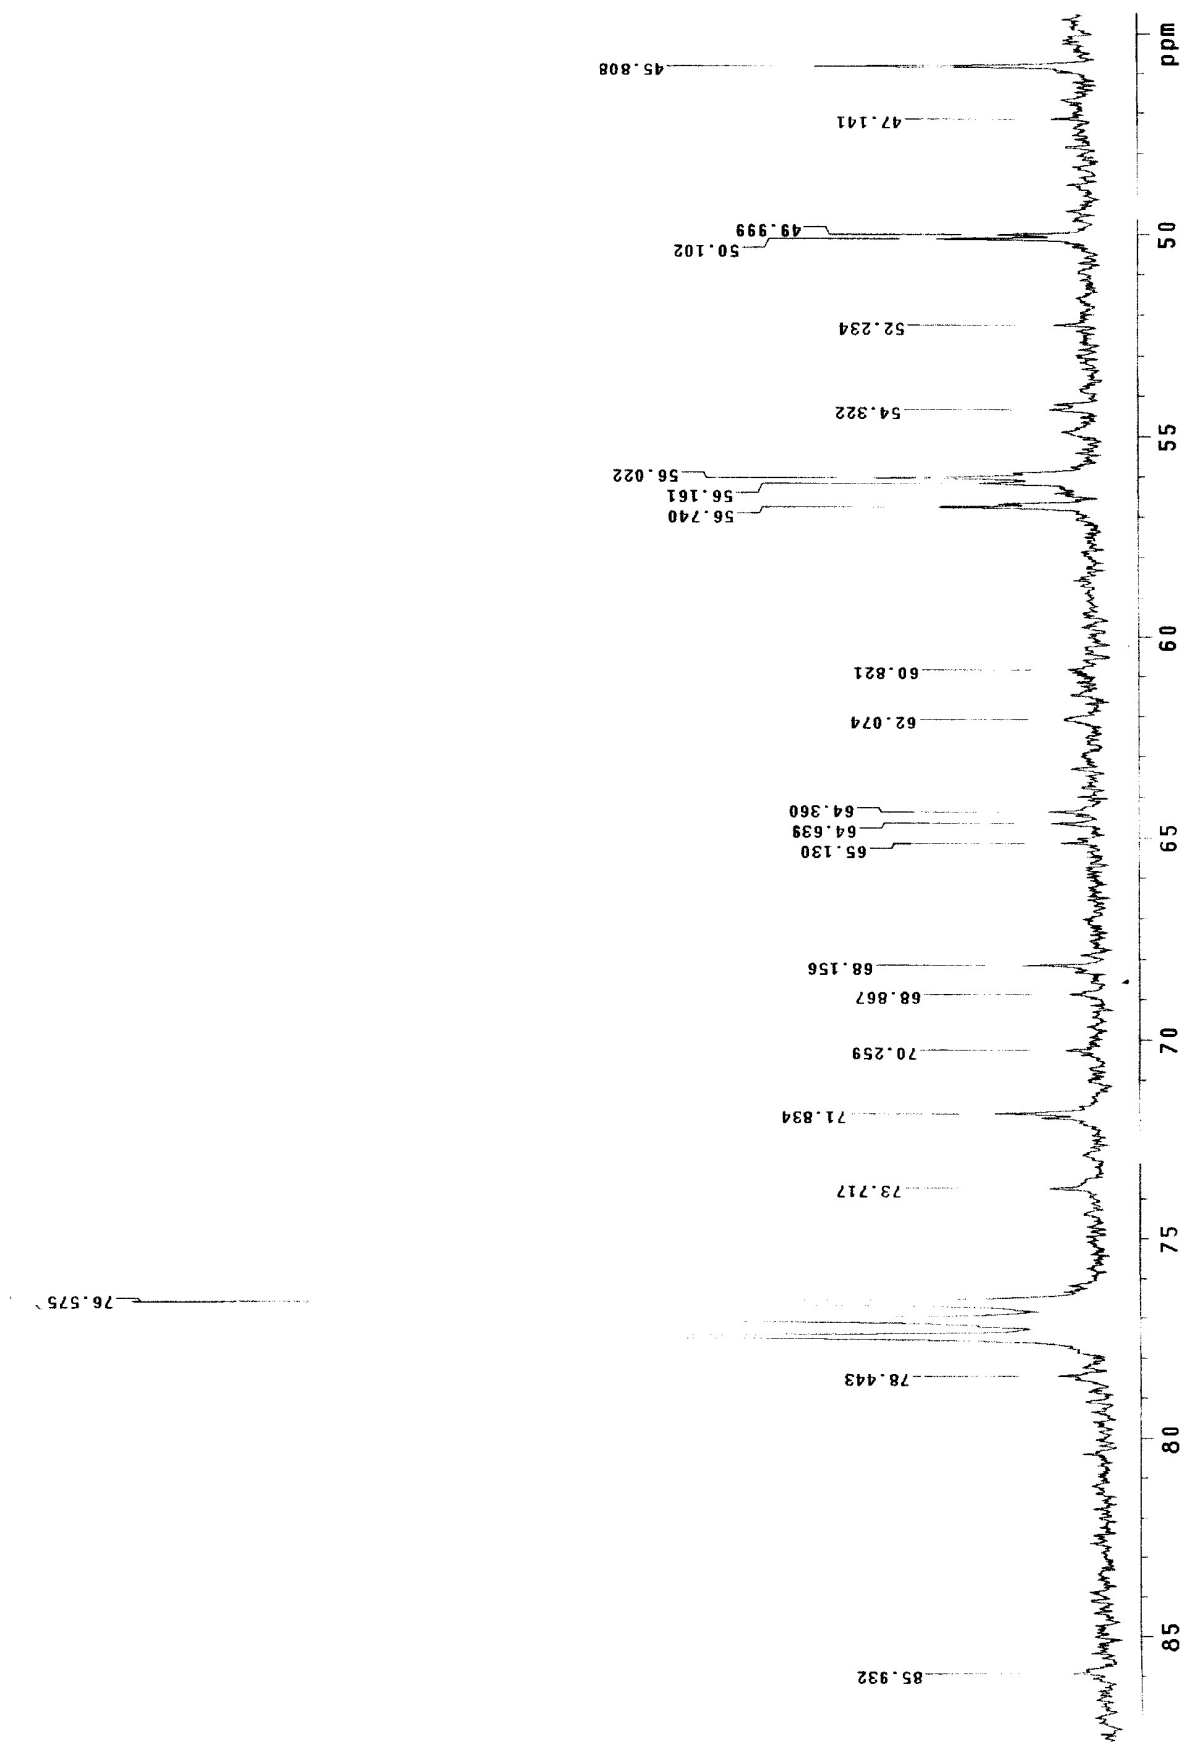

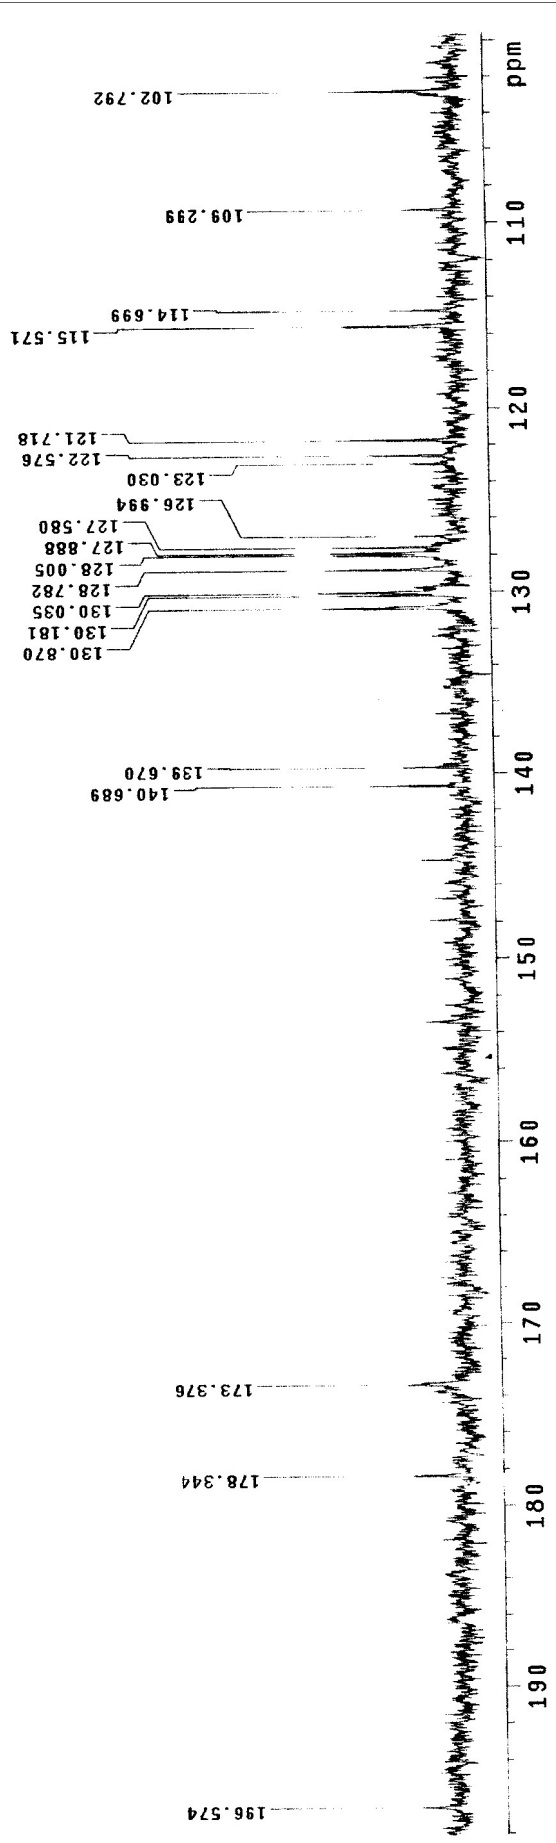

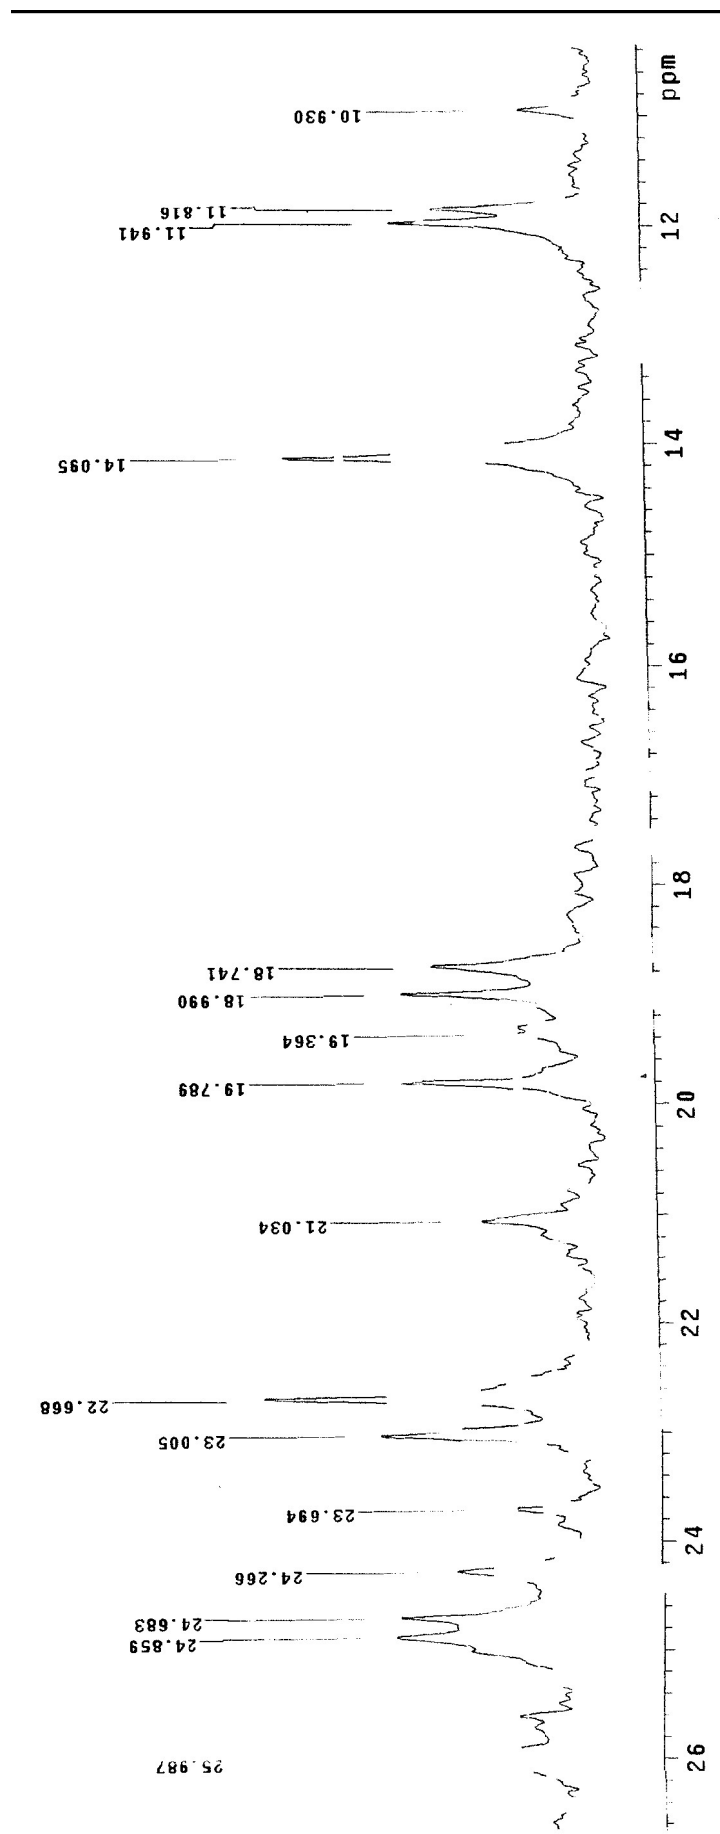

Anexo L. Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do cerne do Indivíduo 1 Área II da espécie *E. grandis*.

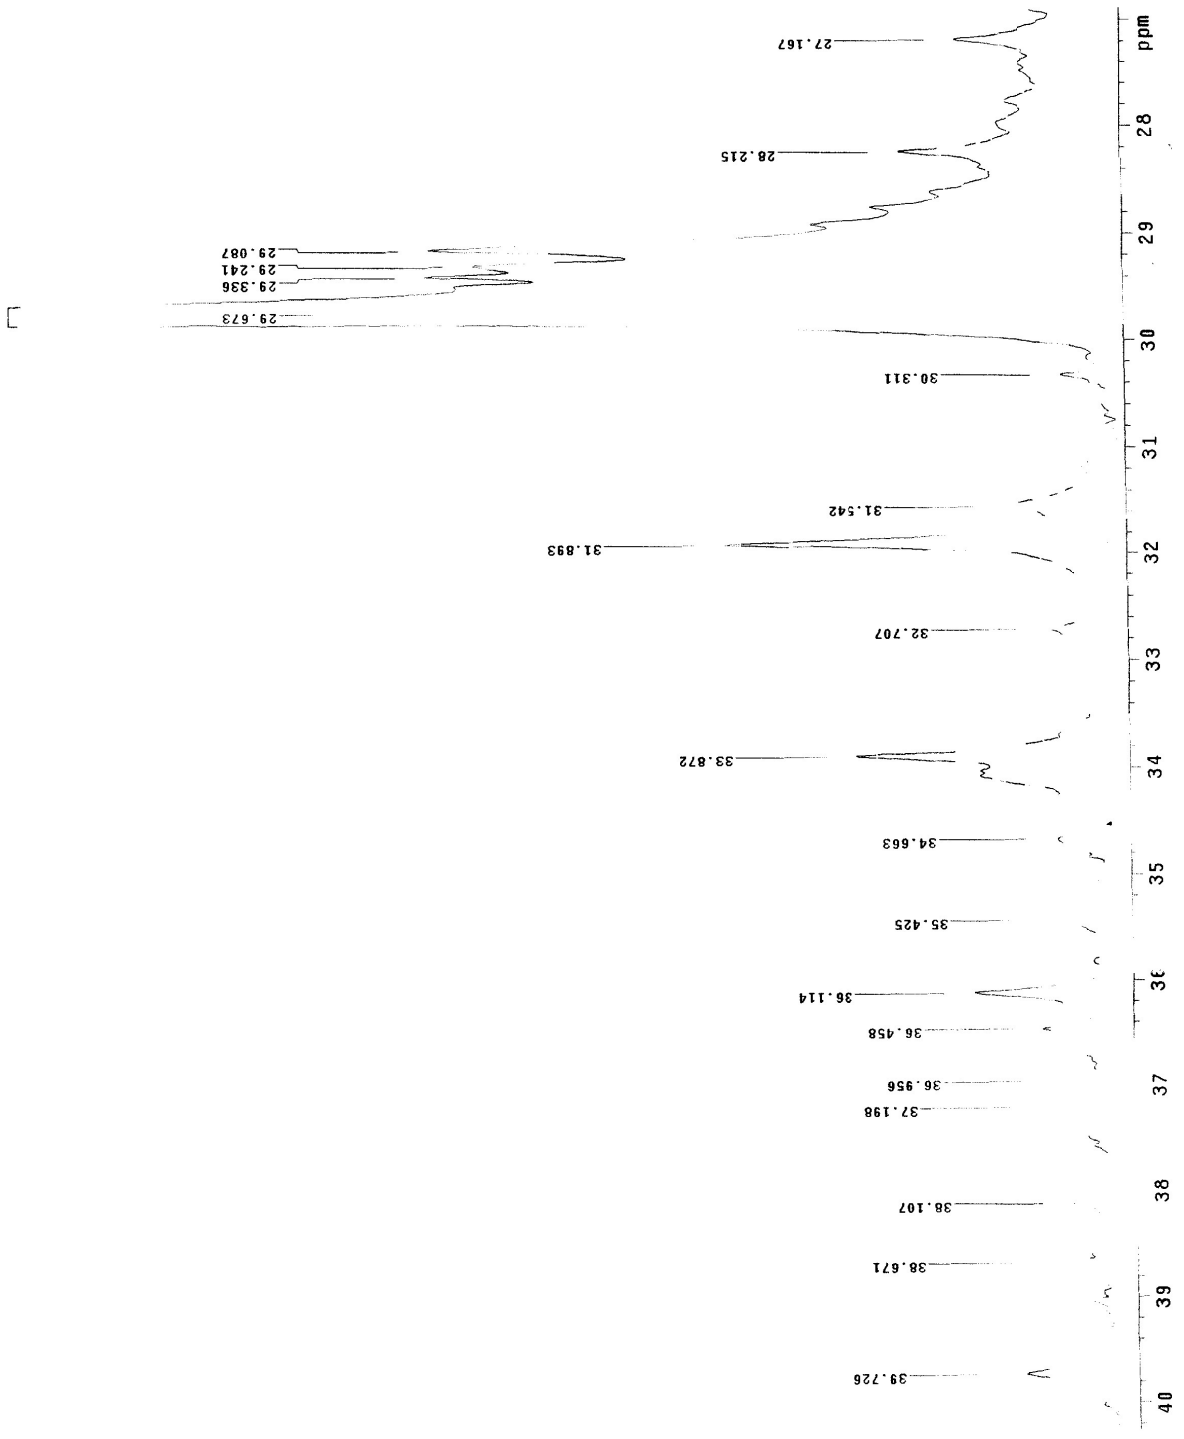

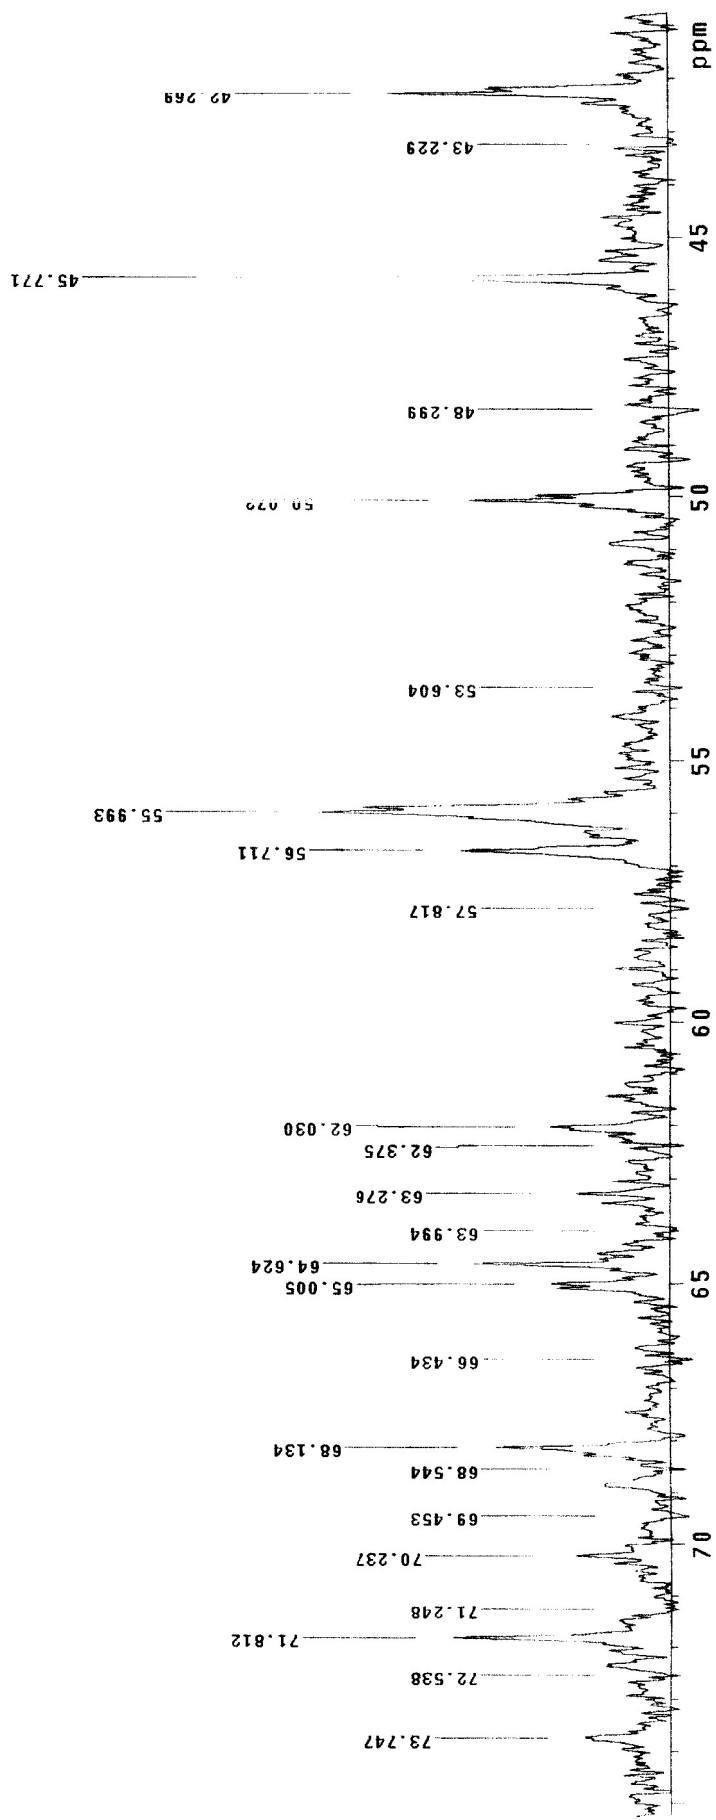

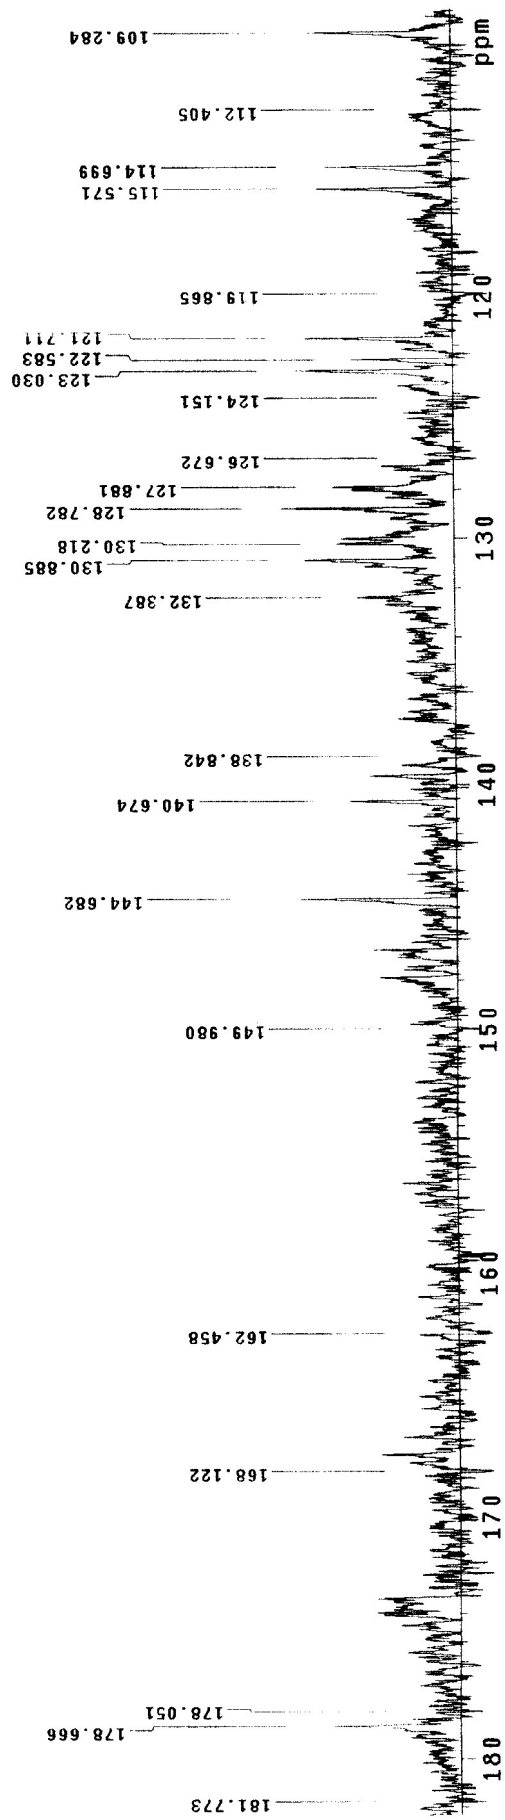

**Anexo M.** Deslocamentos químicos em ppm dos carbonos dos extratos ciclohexânicos da região do cerne do Indivíduo 2 Área II da espécie *E. grandis*.

Anexo N. Deslocamentos químicos em ppm dos carbonos ciclohexânicos da região do alburno do indivíduo 1 Área I da espécie *E. urophylla*
